

City Hall, Council Chambers
401 S. Johnstone Avenue
Bartlesville, OK 74003

NOTICE OF SPECIAL MEETING

**Via Video Conferencing
Per Senate Bill 661**

COVID-19 Emergency Advisory Board

**Tuesday, March 31, 2020
At 1:30 p.m.**

**Mayor Dale Copeland
918-338-4282**

**Per Senate Bill 661
All Advisory Board Members shall attend by Video Conference.**

The public may attend virtually at the following link
<https://www.cityofbartlesville.org/city-government/city-council/webcast/>

AGENDA

1. Call to order and welcome by Mayor Copeland.
2. Roll Call and Establishment of a Quorum.
3. Introduction and explanation of purpose and goals of the COVID-19 Emergency Advisory Board (CAB) established by Ordinance #3525. Presented by Mike Bailey, City Manager.
4. Review of City Ordinance #3525 and Governor's Executive Order 2020-07. Presented by Mike Bailey, City Manager.
5. Discussion about the status of the COVID-19 pandemic including State and local modeling. Presented by Mayor Copeland.
6. Discussion of concerns, anticipated needs, projected impacts, and possible mitigation measures. Presented by Mayor Copeland.
7. Discussion of additional and alternate mitigation measures. Presented by Vice Mayor Gentges.
8. Creation of a long-term workgroup focused on long-term planning for the COVID-19 pandemic including planning for the eventual reduction of mitigation measures, termination of the proclamation of emergency, and review of the mass inoculation plan. Presented by Vice Mayor Gentges.
9. Discussion and possible action on CAB recommendations to the City Council. Presented by Vice Mayor Gentges.

10. Determination of next meeting date. Presented by Mike Bailey, City Manager.

11. Comments and inquiries by Board members.

12. Adjournment.

The Notice of Meeting was received, filed and posted at 1:30 p.m. Friday, March 27, 2020 and the Agenda was received and filed in the Office of the City Clerk at 11:50 a.m. on Monday, March 30, 2020 and posted same day at 1:30 p.m. in prominent public view at City Hall and on the City of Bartlesville website <https://www.cityofbartlesville.org/city-government/city-council/meeting-agendas/>.

Jason Muninger

Jason Muninger, City Clerk/CFO

/s/ Elaine Banes

by Elaine Banes, Deputy City Clerk

All discussion items are subject to possible action by the City COVID-19 Emergency Advisory Board. Agenda items requiring a public hearing as required by law will be so noted. The Board may at their discretion change the order of the business agenda items. City of Bartlesville encourages participation from all its citizens. If participation at any public meeting is not possible due to a disability, notification to the City Clerk at least one working day prior to the scheduled meeting is encouraged to make the necessary accommodations. The City may waive this rule if signing is not the necessary accommodation.

EXCERPT FROM ORDINANCE #3525

SECTION 19: There is hereby created a COVID-19 Emergency Advisory Board. The Mayor and Vice Mayor shall serve as the council representatives. Other members of the advisory board shall be appointed by the Mayor and Vice Mayor and confirmed by the City Council. The advisory board shall be comprised of the City Manager, Fire Chief, Police Chief, experts in the fields of medicine, emergency management, county government, and other persons as deemed necessary by the Mayor and Vice Mayor. The advisory board shall review all measures instituted by the ordinance and make recommendations to the Council on amendments hereto. The advisory board shall be subject to all municipal laws including the open meetings act and open records act. They shall meet as often as necessary and shall utilize teleconference as authorized by Senate bill 661 whenever feasible.

PURPOSE OF COVID-19 EMERGENCY ADVISORY BOARD

The City Council established this Board primarily to:

- Review and make recommendations for current mitigation measures
- Advise the Council of additional mitigation measures throughout the course of this pandemic
- Advise the Council of the state of the COVID-19 pandemic in Washington County

SPECIAL RULES FOR MEETINGS OF THIS BOARD

- We are subject to the Open Meetings and Open Records Act
- We will be conducting our Open Meetings via videoconference in accordance with Senate Bill 661
 - We will use ZOOM to accomplish this and all meetings will be broadcast and recorded
 - Do not use the ZOOM chat feature as this may be a violation of State Law
 - Please do not text other Board members during a meeting, as this may be a violation of State Law
 - Please mute your mic when you are not speaking
- A quorum of this Board is 6, so please do not have discussions about Board issues in groups greater than 5
- The Mayor and Vice Mayor will be the ranking members of the Board, and the Mayor will chair the meetings
 - The Vice Mayor will chair the meetings in the Mayor's absence

PROCLAMATION NO. 2020-01

A PROCLAMATION DECLARING A STATE OF EMERGENCY RELATED TO THE COVID-19 VIRUS.

WHEREAS, on March 11, 2020, the World Health Organization (WHO) declared the coronavirus COVID-19 disease to be a pandemic; and

WHEREAS, on March 13, 2020, the President of the United States declared a National Emergency; due to the COVID-19 disease pandemic; and

WHEREAS, on March 15, 2020, the Governor of the State of Oklahoma has declared an emergency caused by the impending threat of COVID-19 to the people of this State and the public's peace, health and safety; and

WHEREAS, health professionals and researchers have determined COVID-19 is spread by human contact and interaction; and

WHEREAS, practicing methods such as social distancing is believed to slow the spread of COVID-19; and

WHEREAS, in consultation with the Washington County Health Department and the Washington County Medical Association, the aforementioned conditions have been determined to constitute a threat to the safety and welfare of the citizens of the City of Bartlesville; and

WHEREAS, these conditions create an emergency situation within the meaning of Section 683.3, Oklahoma Emergency Act of 2003, as amended and Section 2-466 of the Bartlesville Municipal Code;

NOW, THEREFORE, BY VIRTUE OF THE AUTHORITY VESTED IN ME BY STATE LAW AND THE CITY OF BARTLESVILLE, I, DALE COPELAND, MAYOR OF THE CITY OF BARTLESVILLE, OKLAHOMA, DO HEREBY PROCLAIM AND DECLARE:

SECTION ONE: A state of emergency exists within the corporate limits of the City of Bartlesville, Oklahoma.

SECTION TWO: This proclamation shall become effective at 11:59 PM, March 23, 2020.

SECTION THREE: This state of emergency shall continue until 11:59 PM, April 6, 2020 unless extended or terminated earlier by further proclamation.

PROCLAIMED THIS 23rd DAY OF MARCH, 2020.

Dale Copeland, Mayor
City of Bartlesville

City Clerk
City of Bartlesville

ORDINANCE NO. 3525**AN ORDINANCE CREATING EMERGENCY MEASURES RELATED TO THE COVID-19 PANDEMIC; ACKNOWLEDGING THE MAYOR'S PROCLAMATION OF EMERGENCY 2020-01; AND DECLARING AN EMERGENCY.**

WHEREAS, on March 11, 2020, the World Health Organization (WHO) declared the coronavirus COVID-19 disease to be a pandemic; and

WHEREAS, on March 13, 2020, the President of the United States declared a National Emergency; due to the COVID-19 disease pandemic; and

WHEREAS, on March 15, 2020, the Governor of the State of Oklahoma has declared an emergency caused by the impending threat of COVID-19 to the people of this State and the public's peace, health and safety; and

WHEREAS, on March 18, 2020, the City Council of the City of Bartlesville passed Resolution 3592 aimed at reducing the spread of COVID-19; and

WHEREAS, on March 23, 2020, in accordance with Section 2-466 of the Bartlesville Municipal Code, the Mayor of the City of Bartlesville proclaimed that a state of emergency existed in relation to the impending threat of COVID-19; and

WHEREAS, the City Council desires to reinforce and strengthen the measures included in Resolution 3592; and

WHEREAS, in consultation with the Washington County Health Department and the Washington County Medical Association, the Council has determined that further actions are necessary to protect the safety of the citizens of Bartlesville; and

WHEREAS, Title 11 Section 22-120 of Oklahoma statutes grants municipal bodies broad authority to "make regulations to prevent the introduction of contagious diseases into the municipality and may enforce quarantine laws within five (5) miles of the municipal limits";

NOW, THEREFORE, BE IT RESOLVED, BY THE CITY COUNCIL OF THE CITY OF BARTLESVILLE, OKLAHOMA, AS FOLLOWS:

SECTION 1: All existing special event permits are hereby revoked and no further special event permits will be issued while these measures remain in effect.

SECTION 2: Municipal Court is hereby suspended other than by teleconference where required. No further failure to appear warrants will be issued or served while these measures remain in effect.

SECTION 3: All Code Enforcement hearings are suspended while these measures remain in effect.

SECTION 4: Public gatherings of greater than 10 people will not be allowed at any City owned or managed facilities except as required by law. All reservations of City facilities are suspended, and deposits held for any current reservations shall be refunded in full.

SECTION 5: Further utility cutoffs are suspended, and the City Manager is directed to reestablish service for any disconnected customer. Amounts due will not be forgiven.

SECTION 6: City owned pools shall not be opened while these measures are in effect.

SECTION 7: The Bartlesville Public Library and History Museum are hereby closed to the public.

SECTION 8: All City board and committee meetings are hereby canceled except for City Council and Authority meetings. Authorities are encouraged to meet only when absolutely necessary. When meeting, the City Council and Authorities are required to utilize the provisions of Senate bill 661 and to conduct only teleconference meetings where technologically possible. In order to simplify implementation of teleconference meetings, the requirement for citizens to be heard is hereby suspended for all meetings during the duration of this emergency.

SECTION 9: The use of City owned meeting rooms for public gatherings of any size is hereby prohibited. Meeting rooms may still be used by City staff when necessary.

SECTION 10: All in-person gatherings for social, spiritual, and recreational purposes, including, but not limited to community, civic, public, leisure, faith-based, or sporting events; parades, concerts, festivals, conventions, fundraisers and similar activities are **strongly** discouraged while these measures are in effect.

SECTION 11: Effective 5:00 pm, Tuesday, March 24, 2020 and continuing so long as this ordinance is in effect, all bars of any type who do not provide items for off-premises consumption shall be closed to the public.

SECTION 12: Effective 5:00 pm, Tuesday, March 24, 2020 and continuing so long as this ordinance is in effect, all bars of any type which provide items for off-premises consumption, breweries, taverns, and restaurants are restricted to providing only drive-through, take-out, or delivery of food, sale of pre-packaged alcohol as authorized for sale under state law, or sale of other retail items as authorized for sale under state law. These establishments shall not allow ingress or egress into their facility by the public. These restrictions shall not apply to institutional or in-house food cafeterias that service residents, employees, and clients of businesses, child care facilities, hospitals and/or medical clinics, and long-term care facilities.

SECTION 13: Effective 5:00 pm, Tuesday, March 24, 2020 and continuing so long as this ordinance is in effect, the following places are closed to the public and all persons, except personnel necessary for maintenance of the facility and grounds, are restricted from such places:

1. Athletic gyms, exercise facilities, indoor sports facilities, indoor climbing facilities, bowling alleys, skating rinks, trampoline parks, and similar recreational facilities;
2. Movie theaters;
3. Shopping mall food courts.

SECTION 14: Effective 5:00 pm, Tuesday, March 24, 2020 and continuing so long as this ordinance is in effect, tattoo shops, and massage therapists, barber shops, haircut and styling shops, and spas shall operate only under the following conditions: by appointment only with no walk-in customers; appointments shall not be scheduled and held within 15 minutes of the preceding appointment; the individual client shall not bring any other persons, including children, to be present within the facility during an appointment; and that all workstations are hereby required to have a minimum of (six) 6 feet of space from the adjoining workstation, to promote social distancing.

SECTION 15: Any of the businesses restricted or closed by these temporary regulations, which have current commercial utility accounts, may, upon application with the City of Bartlesville, receive a temporary 25% (twenty-five percent) discount on City utility bills (defined as including water, sewer, and sanitation charges only) during the time these temporary regulations remain in effect. This discount does not apply to any other utility accounts, other than the businesses restricted or closed within Sections 11, 12, 13, and 14 of this Ordinance. Additionally, any business subject to these limitations, found to be in violation of these regulations by City officials, shall then be ineligible and immediately disqualified for the temporary 25% (twenty-five percent) discount.

SECTION 16: The restrictions imposed by this Resolution do not apply to any of the following:

1. Places of public accommodation that offer food and beverage not for on-premises consumption, including grocery stores, markets, convenience stores, pharmacies, drug stores, and food pantries, other than those portions of the place of public accommodation subject to the requirements of this section;
2. Health care facilities, child care facilities, and residential care facilities, congregate care facilities; and
3. Crisis shelters, soup kitchens, or similar institutions.

SECTION 17: The City Manager is directed and authorized to take the following actions:

1. Where practical, to close portions of public facilities to the public and encourage the use of email, telephone, and other remote methods of conducting business with the City
2. To modify work schedules and conditions as necessary to ensure business continuity and employee safety
3. To invoke special protocols to limit the risk of exposure for City employees
4. To establish procedures for certain employees to telecommute where practical
5. To provide paid administrative leave for employees who have potentially been exposed to COVID-19 as per management developed policy. Employees who are sick or caring for a sick family member will continue to take leave as per current policy.
6. Establish mandatory disinfection protocols for all City facilities
7. Take other actions as necessary to preserve the health and safety of City employees
8. As needed and where prudent, utilize funding from the Capital Reserve Fund to purchase items necessary to facilitate these directions
9. The City Manager is hereby authorized to make emergency purchases for \$50,000 or less without the requirement to obtain quotes or bids as required by Section 2-180 of the Bartlesville municipal code. Non-emergency purchases shall continue to follow standard procedures.

SECTION 18: The Bartlesville Chief of Police and the Bartlesville Police Department are hereby directed and authorized to strictly enforce Oklahoma's prohibition against the willful exposure of those affected by contagious diseases in public places and thoroughfares as provided in 21 O.S. § 1199.

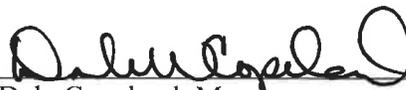

SECTION 19: There is hereby created a COVID-19 Emergency Advisory Board. The Mayor and Vice Mayor shall serve as the council representatives. Other members of the advisory board shall be appointed by the Mayor and Vice Mayor and confirmed by the City Council. The advisory board shall be comprised of the City Manager, Fire Chief, Police Chief, experts in the fields of medicine, emergency management, county government, and other persons as deemed necessary by the Mayor and Vice Mayor. The advisory board shall review all measures instituted by the ordinance and make recommendations to the Council on amendments hereto. The advisory board shall be subject to all municipal laws including the open meetings act and open records act. They shall meet as often as necessary and shall utilize teleconference as authorized by Senate bill 661 whenever feasible.

SECTION 20: The Bartlesville Development Authority is hereby directed to create a task force to study the economic impact of the COVID-19 pandemic. The task force should be comprised of experts in the fields of economics, medicine, banking, and economic development as well as local business members, a member of the City Council, and a member from the Chamber of Commerce. The task force will focus on current business retention, small business assistance during the current crisis, and a path to eventual economic recovery.

SECTION 21: Except as otherwise indicated or previously authorized, these measures will take effect on Monday, March 23, 2020 at 11:59 pm and shall stay in effect until April 6, 2020 at 11:59 pm. This ordinance shall be reviewed and, if warranted, amended or renewed by the City Council at its regularly scheduled meeting on April 6, 2020.

SECTION 22: An emergency is hereby declared to exist for the preservation of the public peace, health, and safety, and by reason whereof, this Ordinance shall be effective immediately upon its passage.

APPROVED AND THE EMERGENCY CLAUSE ACTED UPON SEPARATELY BY THE CITY COUNCIL AND SIGNED BY THE MAYOR OF THE CITY OF BARTLESVILLE THIS 23^{RE} DAY OF MARCH, 2020.

Dale Copeland, Mayor
City of Bartlesville

City Clerk
City of Bartlesville

J. Kevin Stitt
Office of the Governor
State of Oklahoma

FILED

MAR 29 2020

**OKLAHOMA SECRETARY
OF STATE**

**EXECUTIVE DEPARTMENT
SIXTH AMENDED EXECUTIVE ORDER 2020-07**

On March 29, 2020, the 429th case of a novel coronavirus ("COVID-19"), was confirmed in the State of Oklahoma. As noted in a previous Executive Order, the United States Centers for Disease Control and Prevention has identified the potential public health threat posed by COVID-19 as "high" both globally and in the United States. In addition, on March 14, 2020, the President of the United States declared a national health emergency in the United States as a result of the national spread of COVID-19.

As COVID-19's impact continues to evolve, it is important to take measures to protect all Oklahomans against this threat. Therefore, I believe, after consultation with numerous health experts within my administration, it is now necessary to provide for the rendering of mutual assistance among the State and political subdivisions of the State and to cooperate with the Federal government with respect to carrying out emergency functions during the continuance of the State emergency pursuant to the provisions of the Oklahoma Emergency Management Act of 2003.

Therefore, I, J. Kevin Stitt, Governor of the State of Oklahoma, pursuant to the power vested in me by Section 2 of Article VI of the Oklahoma Constitution, hereby declare and order the following:

1. There is hereby declared an emergency caused by the impending threat of COVID-19 to the people of this State and the public's peace, health, and safety. The counties included in this declaration are:

All 77 Oklahoma Counties

2. The State Emergency Operations Plan has been activated, and resources of all State departments and agencies available to meet this emergency are hereby committed to the reasonable extent necessary to prepare for and respond to COVID-19 and to protect the health and safety of the public. These efforts shall be coordinated by the Director of the Department of Emergency Management with comparable functions of the federal government and political subdivisions of the State.
3. State agencies, in responding to this emergency, may make necessary emergency acquisitions to fulfill the purposes of this declaration. If using a P-Card to make

050305

such acquisitions, agencies may purchase the necessary acquisitions without regard to the current P-Card policy limitation of \$5,000.00 purchase limit. Agencies may make the necessary emergency acquisitions without the requirement to follow bidding requirement/limitations on such emergency acquisitions, without the need to purchase from State Use Vendors, or to purchase from mandatory State Wide contracts. Such necessary emergency purchases shall be capped at \$250,000.00 per transaction. All such purchases must be readily identifiable as such, as following the conclusions of this threat, all such necessary emergency acquisitions will be audited to determine if they were made for emergency purposes.

4. Effective immediately, a moratorium is placed on all out-of-state travel for all employees and officers of agencies that is paid for, in whole or in part, by the State of Oklahoma. This moratorium shall apply to all travel expenses not already incurred as of the date of this Order. Any state employee or officer seeking an exception to this moratorium may submit a written request to the Governor, who shall have the sole discretion to approve or deny the request.
5. State agencies, in responding to this emergency, may employ additional staff without regard to the classification requirements of such employment.
6. State agencies shall continue to follow guidance for interaction with the public provided by the Oklahoma Department of Health.

In addition, I direct as follows:

1. Transmit a clear delegation of authority for state agency directors and designate an Emergency Management Liaison by 5:00 p.m. on March 16, 2020;
2. Establish and, if necessary, implement a remote work policy that balances the safety and welfare of state employees with the critical services they provide;
3. Encourage Oklahomans interacting with agency services to utilize online options whenever possible;
4. Ensure continued compliance with Executive Order 2019-13, which limits non-essential out-of-state travel.
5. Promulgate any emergency rules necessary to respond to the emergency and to comply with the directives contained herein.
6. Any medical professional who holds a license, certificate, or other permit issued by any state that is a party to the Emergency Management Compact evidencing the meeting of qualifications for the practice of certain medical services, as more particularly described below, shall be deemed licensed to practice in Oklahoma so long as this Order shall be in effect, subject to the following conditions:

- a. This shall only apply to Medical (MD) and Allied Licenses issued by the Board of Medical Licensure and Supervision, Licenses issued by State Board of Osteopathic Examiners, and Licenses and Certificates issued by the Board of Nursing, all three shall collectively be referred to as “Boards”;
 - b. Any medical professional intending to practice in Oklahoma pursuant to this Order, hereinafter referred to as “Applicant,” shall first apply with and receive approval from appropriate Board;
 - c. It is the responsibility of each Board to verify the license status of any applicant and, upon verification of good standing, shall issue a temporary license to practice within this State; and
 - d. Any applicant licensed under this Order shall be subject to the oversight and jurisdiction of the licensing Board, which includes the ability of the Board to revoke said license and to initiate any administrative or civil proceeding related to any alleged misconduct of the applicant.
7. All occupational licenses issued by any agency, board, or commission of the State of Oklahoma that expire during this emergency shall be extended so long as this Order is in effect. All occupational licenses extended during this Order will expire fourteen (14) days following the withdrawal or termination of this Order.
8. Hospitals and Physician Clinics (collectively referred to as “hospitals”) operating in the State shall cooperate with and respond to all requests for critical data from the Oklahoma State Department of Health (“OSDH”), as applicable to the services they provide. This shall include, but will not be limited to, the daily submission, no later than noon, of critical data in a manner and format prescribed by OSDH. Critical Data shall include, but not be limited to:
- a. The number of available (i) ICU beds, (ii) medical surgery beds, (iii) operating room beds, (iv) pediatric beds, (v) PICU beds, (vi) ventilators, (vii) negative flow rooms, (viii) and overall occupancy status;
 - b. COVID-19 Test Availability, as measured by the number of COVID-19 testing kits available for use at the hospital;
 - c. The number of (i) positive patients and persons under investigation in the hospital receiving treatment and (ii) positive patients and persons under investigation sent home for self-quarantine; and
 - d. Personal Protective Equipment stock on hand.
9. The OSDH shall provide daily an aggregated summary of the information requested in the preceding paragraph to the Office of the Governor by 3:00 p.m.

10. The OSDH and all private labs performing COVID-19 testing shall provide daily updates, by 3:00 p.m., to the Office of the Governor on (i) the daily number of COVID-19 tests they are capable performing that day and (ii) number of COVID-19 testing kits they have on hand for distribution to hospitals.
11. Telemedicine shall be used to maximum potential and shall be allowed for non-established patients for the purposes of the COVID-19 response. The preexisting patient relationship requirement for telemedicine, as required by 59 O.S. § 478.1, only applies to the prescribing of opiates and other controlled dangerous substances. 59 O.S. § 478.1 already allows the physician to see patients using telemedicine without the prior establishment of the physician patient relationship. Nothing in this Order shall waive 59 O.S. § 478.1 (C) for the purpose of prescribing opiates and other controlled dangerous substances reference therein.
12. The requirement that an individual be unemployed for a waiting period of one (1) week before benefits are paid, as required by 40 O.S. § 2-206, is hereby waived so long as this Order remains in effect.
13. Advanced practice registered nurses, registered nurses, licensed practical nurses and advanced unlicensed assistants who have lapsed or inactive licenses or certifications may have their single-state license or certification reinstated if they submit a reinstatement application and fee prescribed by the Board and meet the qualifications for licensure or certification established by the Board, provided such license shall only be valid as long as this Order is in effect. The continuing qualifications as required for licensure or certification by OAC 485:10-7-4 (h); 485:10-7-5 (g); 485:10-9-4 (h); 485:10-9-5 (g); 485:10-10-8.1 (d) are hereby waived as long as this Order remains in effect. It is strongly recommended any required fees be waived to the fullest extent possible.
14. The requirements for Oklahoma Tax Commission compliance for any advanced practice registered nurse, registered nurse, licensed practical nurse and advanced unlicensed assistant application for renewal or reinstatement of a lapsed or inactive license or certification who is identified as being Oklahoma Tax Commission non-compliant, as set forth in 68 OS § 238.1 (E), is hereby waived as long as this Order remains in effect.
15. Oklahoma State regulations requiring Clinical Laboratory Improvement Amendment (CLIA) certification for testing laboratories are hereby suspended until further notice for the universities named below and for the narrow purposes described herein. During this suspension, laboratories operated by or through the University of Oklahoma and Oklahoma State University are authorized to conduct testing and testing-related activities in response to the COVID-19 pandemic. Further, the Oklahoma Commissioner of Health, acting through and on behalf of OSDH, is hereby authorized to contract with the Board of Regents for the Oklahoma Agricultural and Mechanical Colleges, the Board of Regents for the University of Oklahoma, and/or their constituent agencies to

perform laboratory tests and test-related activities, without regard to CLIA certification requirements, as necessary to detect and report COVID-19 infection in compliance with applicable law. The Commissioner of Health is authorized to negotiate and execute any and all agreements and terms necessary to execute and implement this provision.

16. No prescription for chloroquine or hydroxychloroquine may be dispensed unless all of the following apply:
 - a. The prescription bears a written diagnosis from the prescriber consistent with the evidence for its use.
 - b. The prescription is limited to no more than a fourteen (14) day supply, unless the patient was previously established on the medication prior to the effective date of this Order.
 - c. No refills may be permitted unless a new prescription is furnished.

If a scenario is not addressed in these medication limitations a pharmacy can use the waiver form provided by the Board of Pharmacy to request further consideration.

17. Adults over the age of sixty-five (65) and people of any age who have serious underlying medical conditions, collectively referred to as “vulnerable individuals,” shall stay in their home or place of residence except for working in a critical infrastructure sector, as more particularly described herein, and the conduct of essential errands. Essential errands shall mean those errands which are critical to everyday life and includes obtaining medication, groceries, gasoline, and visiting medical providers. The vulnerable population is encouraged to use delivery and/or curbside services whenever available.
18. Oklahomans and medical providers in Oklahoma shall postpone all elective surgeries, minor medical procedures, and non-emergency dental procedures until April 7, 2020.
19. Social gatherings of more than ten people are prohibited. Businesses within a critical infrastructure sector, as more particularly described herein, shall take all reasonable steps necessary to comply with this Order and protect their employees, workers, and patrons.
20. Effective at 11:59 p.m. on March 25, 2020, all businesses not identified as being within a critical infrastructure sector as defined by the U.S. Department of Homeland Security and located in a county experiencing community spread of COVID-19, as identified by OSDH on its website, shall close. Additional sectors may be designated as critical by Executive Order or Memorandum. Nothing in this provision shall prevent restaurants and bars from providing pick-up, curbside, and delivery. This shall be effective until April 16, 2020.
21. Visitors are prohibited from entering and visiting patients and residents at

nursing homes, long-term care facilities, and retirement homes.

22. All delivery personnel including package, floral, and food delivery shall, at the request of a hospital, clinic, long-term care facility, or childcare facility submit to a screening prior to delivering goods. Such screening shall include a temperature check and may include a short questionnaire about potential exposure. Additionally, package delivery companies must institute a daily temperature check and use of a short questionnaire about potential exposure, to be administered at the start of each shift for any worker handling packages. Questionnaires shall include questions about recent travel to areas with significant community spread and personal contact with individuals who have tested positive for COVID-19.
23. As supporting front-line healthcare workers is essential to our battle against COVID-19, front-line healthcare workers and their children, who have not tested positive for COVID-19 and are not otherwise exhibiting the symptoms thereof, shall not – simply because they are healthcare workers or children of healthcare workers – be discriminated against in housing or childcare services.
24. Any statutory or rule-based time requirements for completing training and becoming certified as a peace officer for duly appointed or elected peace officers during the existence of this emergency are hereby waived during the period of the emergency and for thirty days after the emergency is declared to be over.
25. Any requirements that county reserve deputies, municipal reserve officers, or other duly appointed reserve peace officers in this State be CLEET-certified prior to serving in an individual capacity or be accompanied by a CLEET-certified peace officer prior to becoming CLEET-certified are hereby waived during the period of the emergency and for thirty days after the emergency is declared to be over. Any such reserve deputy, municipal reserve officer, or other duly appointed reserve peace officer must be commissioned and authorized by his or her appointing agency's head or designee before being allowed to work as a peace officer under this provision.
26. I hereby direct all persons who enter the State of Oklahoma by air from an area with substantial community spread, to include the New York Tri-State Area (Connecticut, New Jersey and New York), the state of Washington, California, and Louisiana, to quarantine for a period of 14 days from the time of entry into the State of Oklahoma or the duration of the person's presence in the State of Oklahoma, whichever is shorter. This Order shall not apply to persons employed by the airlines and those performing military, emergency or health response. This Order shall take effect immediately and apply retroactively to all persons who have entered Oklahoma after being in any area with substantial community spread within the previous 14 days. All persons quarantining under this Section shall be responsible for all costs

associated with their quarantine, including transportation, lodging, food, medical care and any other expenses to sustain the person during the period of quarantine.

27. I hereby direct all persons covered under paragraph 26 of this Order to inform any individual in Oklahoma with whom they have had direct physical contact in the past 21 days that they traveled from an area with substantial community spread.

Further, I hereby order the temporary suspension of the following as they apply to vehicles in the support efforts:

1. The cost and fees of oversize/overweight permits required of carriers whose sole purpose is transportation of materials, equipment, and supplies used for recovery/relief efforts which require an overweight permit under Title 47 of Oklahoma statutes;
2. By execution of this Order, motor carriers and drivers providing direct assistance in support of relief efforts related to the COVID-19 outbreaks are granted emergency relief from Parts 390 through 399 of Title 49 Code of Federal Regulations, except as restricted herein. Direct assistance means transportation and other relief services provided by a motor carrier or its driver(s) incident to the immediate restoration of essential services, such as medical care, or essential supplies such as food, related to COVID-19 outbreaks during the emergency.
 - a. This Emergency Declaration provides regulatory relief for commercial motor vehicle operations that are providing direct assistance in support of emergency relief efforts related to the COVID-19 outbreaks, including transportation to meet immediate needs for: (1) medical supplies and equipment related to the testing, diagnosis and treatment of COVID-19; (2) supplies and equipment necessary for community safety, sanitation, and prevention of community transmission of COVID-19 such as masks, gloves, hand sanitizer, soap and disinfectants; (3) food for emergency restocking of stores; (4) equipment, supplies and persons necessary to establish and manage temporary housing, quarantine, and isolation facilities related to COVID-19; (5) persons designated by Federal, State or local authorities for medical, isolation, or quarantine purposes; (6) persons necessary to provide other medical or emergency services, the supply of which may be affected by the COVID-19 response; (7) fuels and petroleum products (to include fuel oil, diesel oil, gasoline, kerosene, propane, and liquid petroleum); and (8) livestock, poultry, feed for livestock and poultry, and crops and other agricultural products ready to be harvested.
 - b. Direct assistance does not include routine commercial deliveries, or transportation of mixed loads that include essential supplies, equipment and persons, along with supplies, equipment and persons that are not

being transported in support of emergency relief efforts related to the COVID-19 outbreaks.

- c. Direct assistance terminates when a driver or commercial motor vehicle is used in interstate commerce to transport cargo or provide services that are not in support of emergency relief efforts related to the COVID-19 outbreaks or when the motor carrier dispatches a driver or commercial motor vehicle to another location to begin operations in commerce. 49 CFR 390.23(b). Upon termination of direct assistance to emergency relief efforts related to the COVID-19 outbreaks, the motor carrier and driver are subject to the requirements of 49 CFR Parts 390 through 399, except that a driver may return empty to the motor carrier's terminal or the driver's normal work reporting location without complying with Parts 390 through 399. However, if the driver informs the motor carrier that he or she needs immediate rest, the driver must be permitted at least 10 consecutive hours off duty before the driver is required to return to the motor carrier's terminal or the driver's normal reporting location. Once the driver has returned to the terminal or other location, the driver must be relieved of all duty and responsibilities and must receive a minimum of 10 hours off duty if transporting property, and 8 hours if transporting passengers.
3. The requirements for licensing/operating authority as required by the Oklahoma Corporation Commission; and
 4. The requirements for licensing/registration authority as required by the Oklahoma Tax Commission.

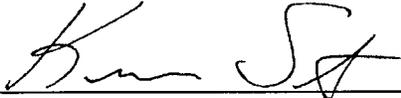

Nothing contained in this Order shall be construed as an exemption from the Controlled Substance and Alcohol Use and testing requirements. (49 C.F.R. part 382), the Commercial Driver License requirements (49 C.F.R. part 383), the Financial Responsibilities requirements (49 C.F.R. part 387), or any other portion of the regulations not specifically identified herein. Motor carriers that have an Out-of-Service Order in effect cannot take advantage of the relief from regulation that this declaration provided.

This Order shall be effective until the end of thirty (30) days after the filing of this Order.

Copies of this Executive Order shall be distributed to the Director of Emergency Management, the Oklahoma State Health Commissioner, the Commissioner of the Department of Public Safety, the Director of the Office of Management and Enterprise Services, the Oklahoma Tax Commission, and the Oklahoma Corporation Commission who shall cause the provisions of this Order to be implemented by all appropriate agencies of State government.

IN WITNESS WHEREOF, I have set my hand and caused the Great Seal of the State of Oklahoma to be affixed at Oklahoma City, this 29th day of March, 2020.

BY THE GOVERNOR OF THE STATE OF OKLAHOMA

J. KEVIN STITT

ATTEST:

MICHAEL ROGERS, SECRETARY OF STATE

The Great Seal of the State of Oklahoma is circular, featuring a five-pointed star in the center. The star is surrounded by a ring of smaller stars. The outer border of the seal contains the text "GREAT SEAL OF THE STATE OF OKLAHOMA" and the year "1907" at the bottom.

CISA
CYBER+INFRASTRUCTURE

March 19, 2020

MEMORANDUM ON IDENTIFICATION OF ESSENTIAL CRITICAL INFRASTRUCTURE WORKERS DURING COVID-19 RESPONSE

FROM: Christopher C. Krebs
Director
Cybersecurity and Infrastructure Security Agency (CISA)

As the Nation comes together to slow the spread of COVID-19, on March 16th, the President issued updated Coronavirus Guidance for America. This guidance states that:

“If you work in a critical infrastructure industry, as defined by the Department of Homeland Security, such as healthcare services and pharmaceutical and food supply, you have a special responsibility to maintain your normal work schedule.”

The Cybersecurity and Infrastructure Security Agency (CISA) executes the Secretary of Homeland Security’s responsibilities as assigned under the Homeland Security Act of 2002 to provide strategic guidance, promote a national unity of effort, and coordinate the overall federal effort to ensure the security and resilience of the Nation’s critical infrastructure. CISA uses trusted partnerships with both the public and private sectors to deliver infrastructure resilience assistance and guidance to a broad range of partners.

In accordance with this mandate, and in collaboration with other federal agencies and the private sector, CISA developed an initial list of “Essential Critical Infrastructure Workers” to help State and local officials as they work to protect their communities, while ensuring continuity of functions critical to public health and safety, as well as economic and national security. The list can also inform critical infrastructure community decision-making to determine the sectors, sub-sectors, segments, or critical functions that should continue normal operations, appropriately modified to account for Centers for Disease Control (CDC) workforce and customer protection guidance.

The attached list identifies workers who conduct a range of operations and services that are essential to continued critical infrastructure viability, including staffing operations centers, maintaining and repairing critical infrastructure, operating call centers, working construction, and performing management functions, among others. The industries they support represent, but are not necessarily limited to, medical and healthcare, telecommunications, information technology systems, defense, food and agriculture, transportation and logistics, energy, water and wastewater, law enforcement, and public works.

We recognize that State, local, tribal, and territorial governments are ultimately in charge of implementing and executing response activities in communities under their jurisdiction, while the Federal Government is in a supporting role. As State and local communities consider COVID-19-related restrictions, CISA is offering this list to assist prioritizing activities related to continuity of operations and incident response, including the appropriate movement of critical infrastructure workers within and between jurisdictions.

Accordingly, this list is advisory in nature. It is not, nor should it be considered to be, a federal directive or standard in and of itself.

In addition, these identified sectors and workers are not intended to be the authoritative or exhaustive list of critical infrastructure sectors and functions that should continue during the COVID-19 response. Instead, State and local officials should use their own judgment in using their authorities and issuing implementation directives and guidance. Similarly, critical infrastructure industry partners will use their own judgment, informed by this list, to ensure continued operations of critical infrastructure services and functions. All decisions should appropriately balance public safety while ensuring the continued delivery of critical infrastructure services and functions.

CISA will continue to work with you and our partners in the critical infrastructure community to update this list as the Nation's response to COVID-19 evolves. We also encourage you to submit how you might use this list so that we can develop a repository of use cases for broad sharing across the country.

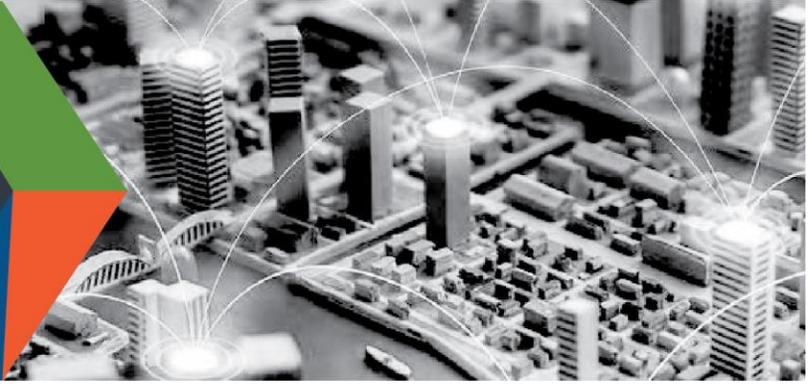

Should you have questions about this list, please contact CISA at CISA.CAT@cisa.dhs.gov.

Attachment: "Guidance on the Essential Critical Infrastructure Workforce: Ensuring Community and National Resilience in COVID-19 Response"

CISA
CYBER+INFRASTRUCTURE

DEFEND TODAY, SECURE TOMORROW

Guidance on the Essential Critical Infrastructure Workforce: Ensuring Community and National Resilience in COVID-19 Response

Version 1.1 (March 23, 2020)

THE IMPORTANCE OF ESSENTIAL CRITICAL INFRASTRUCTURE WORKERS

Functioning critical infrastructure is imperative during the response to the COVID-19 emergency for both public health and safety as well as community well-being. Certain critical infrastructure industries have a special responsibility in these times to continue operations.

This guidance and accompanying list are intended to support State, Local, and industry partners in identifying the critical infrastructure sectors and the essential workers needed to maintain the services and functions Americans depend on daily and that need to be able to operate resiliently during the COVID-19 pandemic response.

This document gives guidance to State, local, tribal, and territorial jurisdictions and the private sector on defining essential critical infrastructure workers. Promoting the ability of such workers to continue to work during periods of community restriction, access management, social distancing, or closure orders/directives is crucial to community resilience and continuity of essential functions.

CONSIDERATIONS FOR GOVERNMENT AND BUSINESS

This list was developed in consultation with federal agency partners, industry experts, and State and local officials, and is based on several key principles:

1. Response efforts to the COVID-19 pandemic are locally executed, State managed, and federally supported
2. Everyone should follow guidance from the CDC, as well as State and local government officials, regarding strategies to limit disease spread.
3. Workers should be encouraged to work remotely when possible and focus on core business activities. In-person, non-mandatory activities should be delayed until the resumption of normal operations.
4. When continuous remote work is not possible, businesses should enlist strategies to reduce the likelihood of spreading the disease. This includes, but is not necessarily limited to, separating staff by off-setting shift hours or days and/or social distancing. These steps can preserve the workforce and allow operations to continue.

@CISAgov | @cyber | @uscert_gov

[Facebook.com/CISA](https://www.facebook.com/CISA)

5. All organizations should implement their business continuity and pandemic plans, or put plans in place if they do not exist. Delaying implementation is not advised and puts at risk the viability of the business and the health and safety of the employees.
6. In the modern economy, reliance on technology and just-in-time supply chains means that certain workers must be able to access certain sites, facilities, and assets to ensure continuity of functions.
7. Government employees, such as emergency managers, and the business community need to establish and maintain lines of communication.
8. When government and businesses engage in discussions about critical infrastructure workers, they need to consider the implications of business operations beyond the jurisdiction where the asset or facility is located. Businesses can have sizeable economic and societal impacts as well as supply chain dependencies that are geographically distributed.
9. Whenever possible, jurisdictions should align access and movement control policies related to critical infrastructure workers to lower the burden of workers crossing jurisdictional boundaries.

IDENTIFYING ESSENTIAL CRITICAL INFRASTRUCTURE WORKERS

The following list of sectors and identified essential critical infrastructure workers are an initial recommended set and are intended to be overly inclusive reflecting the diversity of industries across the United States. CISA will continually solicit and accept feedback on the list (both sectors/sub sectors and identified essential workers) and will evolve the list in response to stakeholder feedback. We will also use our various stakeholder engagement mechanisms to work with partners on how they are using this list and share those lessons learned and best practices broadly. We ask that you share your feedback, both positive and negative on this list so we can provide the most useful guidance to our critical infrastructure partners. Feedback can be sent to CISA.CAT@CISA.DHS.GOV.

HEALTHCARE / PUBLIC HEALTH

- Workers providing COVID-19 testing; Workers that perform critical clinical research needed for COVID-19 response
- Caregivers (e.g., physicians, dentists, psychologists, mid-level practitioners, nurses and assistants, infection control and quality assurance personnel, pharmacists, physical and occupational therapists and assistants, social workers, speech pathologists and diagnostic and therapeutic technicians and technologists)
- Hospital and laboratory personnel (including accounting, administrative, admitting and discharge, engineering, epidemiological, source plasma and blood donation, food service, housekeeping, medical records, information technology and operational technology, nutritionists, sanitarians, respiratory therapists, etc.)
- Workers in other medical facilities (including Ambulatory Health and Surgical, Blood Banks, Clinics, Community Mental Health, Comprehensive Outpatient rehabilitation, End Stage Renal Disease, Health Departments, Home Health care, Hospices, Hospitals, Long Term Care, Organ Pharmacies, Procurement Organizations, Psychiatric Residential, Rural Health Clinics and Federally Qualified Health Centers)
- Manufacturers, technicians, logistics and warehouse operators, and distributors of medical equipment, personal protective equipment (PPE), medical gases, pharmaceuticals (including materials used in radioactive drugs), blood and blood products, vaccines, testing materials, laboratory supplies, cleaning, sanitizing, disinfecting or sterilization supplies, and tissue and paper towel products
- Public health / community health workers, including those who compile, model, analyze and communicate public health information
- Blood and plasma donors and the employees of the organizations that operate and manage related activities
- Workers that manage health plans, billing, and health information, who cannot practically work remotely
- Workers who conduct community-based public health functions, conducting epidemiologic surveillance, compiling, analyzing and communicating public health information, who cannot practically work remotely
- Workers performing cybersecurity functions at healthcare and public health facilities, who cannot practically work remotely
- Workers conducting research critical to COVID-19 response
- Workers performing security, incident management, and emergency operations functions at or on behalf of healthcare entities including healthcare coalitions, who cannot practically work remotely
- Workers who support food, shelter, and social services, and other necessities of life for economically disadvantaged or otherwise needy individuals, such as those residing in shelters
- Pharmacy employees necessary for filling prescriptions
- Workers performing mortuary services, including funeral homes, crematoriums, and cemetery workers
- Workers who coordinate with other organizations to ensure the proper recovery, handling, identification, transportation, tracking, storage, and disposal of human remains and personal effects; certify cause of death; and facilitate access to mental/behavioral health services to the family members, responders, and survivors of an incident

LAW ENFORCEMENT, PUBLIC SAFETY, FIRST RESPONDERS

- Personnel in emergency management, law enforcement, Emergency Management Systems, fire, air medical, and corrections, including front line and management
- Emergency Medical Service Technicians
- 911 call center employees
- Fusion Center employees
- Hazardous material responders from government and the private sector.
- Workers – including contracted vendors – who maintain, manufacture, or supply digital systems infrastructure supporting law enforcement emergency service, and response operations.

FOOD AND AGRICULTURE

- Workers supporting groceries, pharmacies, convenience stores, and other retail that sells human food, animal/pet food, and beverage products
- Restaurant carry-out and quick serve food operations - Carry-out and delivery food employees
- Food manufacturer employees and their supplier employees—to include those employed in food processing (packers, meat processing, cheese plants, milk plants, produce, etc.) facilities; livestock, poultry, seafood slaughter facilities; pet and animal feed processing facilities; human food facilities producing by-products for animal food; beverage production facilities; and the production of food packaging
- Farm workers to include those employed in animal food, feed, and ingredient production, packaging, and distribution; manufacturing, packaging, and distribution of veterinary drugs; truck delivery and transport; farm and fishery labor needed to produce our food supply domestically
- Farm workers and support service workers to include those who field crops; commodity inspection; fuel ethanol facilities; storage facilities; and other agricultural inputs
- Employees and firms supporting food, feed, and beverage distribution, including warehouse workers, vendor-managed inventory controllers and blockchain managers
- Workers supporting the sanitation of all food manufacturing processes and operations from wholesale to retail
- Company cafeterias - in-plant cafeterias used to feed employees
- Workers in food testing labs in private industries and in institutions of higher education
- Workers essential for assistance programs and government payments
- Employees of companies engaged in the production, storage, transport, and distribution of chemicals, medicines, vaccines, and other substances used by the food and agriculture industry, including pesticides, herbicides, fertilizers, minerals, enrichments, and other agricultural production aids
- Animal agriculture workers to include those employed in veterinary health; manufacturing and distribution of animal medical materials, animal vaccines, animal drugs, feed ingredients, feed, and bedding, etc.; transportation of live animals, animal medical materials; transportation of deceased animals for disposal; raising of animals for food; animal production operations; slaughter and packing plants, renderers, and associated regulatory and government workforce
- Workers who support the manufacture and distribution of forest products, including, but not limited to timber, paper, and other wood products
- Employees engaged in the manufacture and maintenance of equipment and other infrastructure necessary to agricultural production and distribution

ENERGY

Electricity industry:

- Workers who maintain, ensure, or restore, or are involved in the development, transportation, fuel procurement, expansion, or operation of the generation, transmission, and distribution of electric power, including call centers, utility workers, reliability engineers and fleet maintenance technicians
- Workers needed for safe and secure operations at nuclear generation
- Workers at generation, transmission, and electric blackstart facilities
- Workers at Reliability Coordinator (RC), Balancing Authorities (BA), and primary and backup Control Centers (CC), including but not limited to independent system operators, regional transmission organizations, and balancing authorities
- Mutual assistance personnel
- IT and OT technology staff – for EMS (Energy Management Systems) and Supervisory Control and Data Acquisition (SCADA) systems, and utility data centers; Cybersecurity engineers; cybersecurity risk management
- Vegetation management crews and traffic workers who support
- Environmental remediation/monitoring technicians
- Instrumentation, protection, and control technicians

Petroleum workers:

- Petroleum product storage, pipeline, marine transport, terminals, rail transport, road transport
- Crude oil storage facilities, pipeline, and marine transport
- Petroleum refinery facilities
- Petroleum security operations center employees and workers who support emergency response services
- Petroleum operations control rooms/centers
- Petroleum drilling, extraction, production, processing, refining, terminal operations, transporting, and retail for use as end-use fuels or feedstocks for chemical manufacturing
- Onshore and offshore operations for maintenance and emergency response
- Retail fuel centers such as gas stations and truck stops, and the distribution systems that support them

Natural and propane gas workers:

- Natural gas transmission and distribution pipelines, including compressor stations
- Underground storage of natural gas
- Natural gas processing plants, and those that deal with natural gas liquids
- Liquefied Natural Gas (LNG) facilities
- Natural gas security operations center, natural gas operations dispatch and control rooms/centers natural gas emergency response and customer emergencies, including natural gas leak calls
- Drilling, production, processing, refining, and transporting natural gas for use as end-use fuels, feedstocks for chemical manufacturing, or use in electricity generation
- Propane gas dispatch and control rooms and emergency response and customer emergencies, including propane leak calls
- Propane gas service maintenance and restoration, including call centers

 [Facebook.com/CISA](https://www.facebook.com/CISA)

- Processing, refining, and transporting natural liquids, including propane gas, for use as end-use fuels or feedstocks for chemical manufacturing
- Propane gas storage, transmission, and distribution centers

WATER AND WASTEWATER

Employees needed to operate and maintain drinking water and wastewater/drainage infrastructure, including:

- Operational staff at water authorities
- Operational staff at community water systems
- Operational staff at wastewater treatment facilities
- Workers repairing water and wastewater conveyances and performing required sampling or monitoring
- Operational staff for water distribution and testing
- Operational staff at wastewater collection facilities
- Operational staff and technical support for SCADA Control systems
- Chemical suppliers for wastewater and personnel protection
- Workers that maintain digital systems infrastructure supporting water and wastewater operations

TRANSPORTATION AND LOGISTICS

- Employees supporting or enabling transportation functions, including truck drivers, bus drivers, dispatchers, maintenance and repair technicians, warehouse workers, truck stop and rest area workers, and workers that maintain and inspect infrastructure (including those that require cross-jurisdiction travel)
- Employees of firms providing services that enable logistics operations, including cooling, storing, packaging, and distributing products for wholesale or retail sale or use.
- Mass transit workers
- Workers responsible for operating dispatching passenger, commuter and freight trains and maintaining rail infrastructure and equipment
- Maritime transportation workers - port workers, mariners, equipment operators
- Truck drivers who haul hazardous and waste materials to support critical infrastructure, capabilities, functions, and services
- Automotive repair and maintenance facilities
- Manufacturers and distributors (to include service centers and related operations) of packaging materials, pallets, crates, containers, and other supplies needed to support manufacturing, packaging staging and distribution operations
- Postal and shipping workers, to include private companies
- Employees who repair and maintain vehicles, aircraft, rail equipment, marine vessels, and the equipment and infrastructure that enables operations that encompass movement of cargo and passengers
- Air transportation employees, including air traffic controllers and maintenance personnel, ramp workers, aviation and aerospace safety, security, and operations personnel and accident investigations
- Workers who support the maintenance and operation of cargo by air transportation, including flight crews, maintenance, airport operations, and other on- and off- airport facilities workers

[Facebook.com/CISA](https://www.facebook.com/CISA)

PUBLIC WORKS

- Workers who support the operation, inspection, and maintenance of essential dams, locks and levees
- Workers who support the operation, inspection, and maintenance of essential public works facilities and operations, including bridges, water and sewer main breaks, fleet maintenance personnel, construction of critical or strategic infrastructure, traffic signal maintenance, emergency location services for buried utilities, maintenance of digital systems infrastructure supporting public works operations, and other emergent issues
- Workers such as plumbers, electricians, exterminators, and other service providers who provide services that are necessary to maintaining the safety, sanitation, and essential operation of residences
- Support, such as road and line clearing, to ensure the availability of needed facilities, transportation, energy and communications
- Support to ensure the effective removal, storage, and disposal of residential and commercial solid waste and hazardous waste

COMMUNICATIONS AND INFORMATION TECHNOLOGY

Communications:

- Maintenance of communications infrastructure- including privately owned and maintained communication systems- supported by technicians, operators, call-centers, wireline and wireless providers, cable service providers, satellite operations, undersea cable landing stations (including cable marine depots and submarine cable ship operators), Internet Exchange Points, and manufacturers and distributors of communications equipment
- Workers who support radio, television, and media service, including, but not limited to front line news reporters, studio, and technicians for newsgathering and reporting
- Workers at Independent System Operators and Regional Transmission Organizations, and Network Operations staff, engineers and/or technicians to manage the network or operate facilities
- Engineers, technicians and associated personnel responsible for infrastructure construction and restoration, including contractors for construction and engineering of fiber optic cables
- Installation, maintenance and repair technicians that establish, support or repair service as needed
- Central office personnel to maintain and operate central office, data centers, and other network office facilities
- Customer service and support staff, including managed and professional services as well as remote providers of support to transitioning employees to set up and maintain home offices, who interface with customers to manage or support service environments and security issues, including payroll, billing, fraud, and troubleshooting
- Dispatchers involved with service repair and restoration

Information Technology:

- Workers who support command centers, including, but not limited to Network Operations Command Center, Broadcast Operations Control Center and Security Operations Command Center
- Data center operators, including system administrators, HVAC & electrical engineers, security personnel, IT managers, data transfer solutions engineers, software and hardware engineers, and database administrators
- Client service centers, field engineers, and other technicians supporting critical infrastructure, as well as

manufacturers and supply chain vendors that provide hardware and software, and information technology equipment (to include microelectronics and semiconductors) for critical infrastructure

- Workers responding to cyber incidents involving critical infrastructure, including medical facilities, SLTT governments and federal facilities, energy and utilities, and banks and financial institutions, and other critical infrastructure categories and personnel
- Workers supporting the provision of essential global, national and local infrastructure for computing services (incl. cloud computing services), business infrastructure, web-based services, and critical manufacturing
- Workers supporting communications systems and information technology used by law enforcement, public safety, medical, energy and other critical industries
- Support required for continuity of services, including janitorial/cleaning personnel

OTHER COMMUNITY-BASED GOVERNMENT OPERATIONS AND ESSENTIAL FUNCTIONS

- Workers to ensure continuity of building functions
- Security staff to maintain building access control and physical security measures
- Elections personnel
- Federal, State, and Local, Tribal, and Territorial employees who support Mission Essential Functions and communications networks
- Trade Officials (FTA negotiators; international data flow administrators)
- Weather forecasters
- Workers that maintain digital systems infrastructure supporting other critical government operations
- Workers at operations centers necessary to maintain other essential functions
- Workers who support necessary credentialing, vetting and licensing operations for transportation workers
- Customs workers who are critical to facilitating trade in support of the national emergency response supply chain
- Educators supporting public and private K-12 schools, colleges, and universities for purposes of facilitating distance learning or performing other essential functions, if operating under rules for social distancing
- Hotel Workers where hotels are used for COVID-19 mitigation and containment measures

CRITICAL MANUFACTURING

- Workers necessary for the manufacturing of materials and products needed for medical supply chains, and for supply chains associated with transportation, energy, communications, food and agriculture, chemical manufacturing, nuclear facilities, the operation of dams, water and wastewater treatment, emergency services, and the defense industrial base. Additionally, workers needed to maintain the continuity of these manufacturing functions and associated supply chains.

HAZARDOUS MATERIALS

- Workers at nuclear facilities, workers managing medical waste, workers managing waste from pharmaceuticals and medical material production, and workers at laboratories processing test kits
- Workers who support hazardous materials response and cleanup
- Workers who maintain digital systems infrastructure supporting hazardous materials management operations

 [Facebook.com/CISA](https://www.facebook.com/CISA)

FINANCIAL SERVICES

- Workers who are needed to process and maintain systems for processing financial transactions and services (e.g., payment, clearing, and settlement; wholesale funding; insurance services; and capital markets activities)
- Workers who are needed to provide consumer access to banking and lending services, including ATMs, and to move currency and payments (e.g., armored cash carriers)
- Workers who support financial operations, such as those staffing data and security operations centers

CHEMICAL

- Workers supporting the chemical and industrial gas supply chains, including workers at chemical manufacturing plants, workers in laboratories, workers at distribution facilities, workers who transport basic raw chemical materials to the producers of industrial and consumer goods, including hand sanitizers, food and food additives, pharmaceuticals, textiles, and paper products.
- Workers supporting the safe transportation of chemicals, including those supporting tank truck cleaning facilities and workers who manufacture packaging items
- Workers supporting the production of protective cleaning and medical solutions, personal protective equipment, and packaging that prevents the contamination of food, water, medicine, among others essential products
- Workers supporting the operation and maintenance of facilities (particularly those with high risk chemicals and/or sites that cannot be shut down) whose work cannot be done remotely and requires the presence of highly trained personnel to ensure safe operations, including plant contract workers who provide inspections
- Workers who support the production and transportation of chlorine and alkali manufacturing, single-use plastics, and packaging that prevents the contamination or supports the continued manufacture of food, water, medicine, and other essential products, including glass container manufacturing

DEFENSE INDUSTRIAL BASE

- Workers who support the essential services required to meet national security commitments to the federal government and U.S. Military. These individuals, include but are not limited to, aerospace; mechanical and software engineers, manufacturing/production workers; IT support; security staff; security personnel; intelligence support, aircraft and weapon system mechanics and maintainers
- Personnel working for companies, and their subcontractors, who perform under contract to the Department of Defense providing materials and services to the Department of Defense, and government-owned/contractor-operated and government-owned/government-operated facilities

J. Kevin Stitt
Office of the Governor
State of Oklahoma

FILED
MAR 25 2020
OKLAHOMA SECRETARY
OF STATE

EXECUTIVE DEPARTMENT
AMENDED EXECUTIVE MEMORANDUM 2020-01

On March 25, 2020, the 164th case of a novel coronavirus (“COVID-19”), was confirmed in the State of Oklahoma. As noted in a previous Executive Order, the United States Centers for Disease Control and Prevention has identified the potential public health threat posed by COVID-19 as “high” both globally and in the United States. In addition, on March 14, 2020, the President of the United States declared a national health emergency in the United States as a result of the national spread of COVID-19.

On March 15, 2020, I issued Executive Order 2020-07 declaring an emergency caused by the impending threat of COVID-19 to the people of this State and the public’s peace, health, and safety. And, on March 24, 2020, I issued the Fourth Amended Executive Order 2020-07. Paragraph 20 of the Fourth Amended Executive Order 2020-07 ordered all businesses not identified as being within a critical infrastructure sector as defined by the U.S. Department of Homeland Security (USDHS) and located in a county experiencing community spread of COVID-19, as identified by OSDH on its website, to close.

In addition to those critical infrastructure sectors identified by USDHS, I hereby add the following:

- **HEALTHCARE / PUBLIC HEALTH**
 - Health care providers (e.g. physicians, dentists, psychologists, mid-level practitioners, nurses and assistants, infection control and quality assurance personnel, pharmacists, physical and occupational therapists and assistants, social workers, speech pathologists and diagnostic and therapeutic technicians and technologists).
 - Manufacturers, technicians, logistics and warehouse operators, and distributors of personal care/hygiene products.
 - Behavioral health workers (including mental and substance use disorder) responsible for coordination, outreach, engagement, and treatment to individuals in need of mental health and/or substance use disorder services.
 - Workers who provide support to vulnerable populations to ensure their health and well-being including family care providers.
 - Medicinal marijuana dispensaries and all licensed medicinal marijuana companies that are in the supply chain for any medicinal marijuana dispensary
 - Workers supporting veterinary hospitals and clinics.

050298

- LAW ENFORCEMENT, PUBLIC SAFETY, FIRST RESPONDERS
 - Including front line and management, personnel include emergency management, law enforcement, Emergency Management Systems, fire, and corrections, search and rescue, tactical teams including maritime, aviation, and canine units.
 - Workers at Public Safety Answering Points.
 - Fire mitigation activities.
 - Private security, private fire departments, and private emergency medical services personnel.
 - State and County workers responding to abuse and neglect of children, elders and dependent adults.
 - Animal control officers.

- FOOD AND AGRICULTURE
 - Farm supply and hardware stores
 - Groves, greenhouses, nurseries, and vineyards
 - Agriculture, Forestry, Fishing and Hunting
 - Food manufacturing
 - Beverage and tobacco product manufacturing
 - Manufacturing of fiber and forestry products
 - Veterinary services
 - Certified farmers' markets, farm and produce stands
 - Food cultivation, including farming, livestock and fishing
 - Support of agricultural production including manufacturers, processors, sellers, transporters, and suppliers of livestock, poultry, feed, seed, water, fertilizer, herbicides, or insecticide and those that care for animals, crops, groves, greenhouses, nurseries, vineyards, forests, farms, and ranches

 - Mineral product manufacturing
 - Primary metal manufacturing including equipment

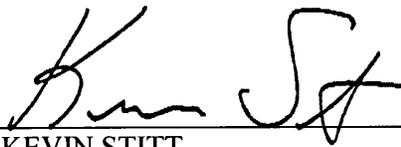

- FINANCIAL SERVICES
 - Finance and Insurance
 - Real estate and Leasing services
 - Management of companies
 - Business associations
 - Financial advisory

- CHEMICAL
 - Petroleum and coal products manufacturing
 - Chemical manufacturing

- **COMMERCIAL AND PROFESSIONAL SERVICES**
 - Professional (such as legal and accounting), scientific, and technical services
 - Administrative and support services
 - Waste management and remediation services
 - Death care services
 - Dry cleaning and laundry services
 - Repair and maintenance
- **DEFENSE INDUSTRIAL BASE**
 - Explosives manufacturing
 - National security and international affairs

IN WITNESS WHEREOF, I have set my hand and caused the Great Seal of the State of Oklahoma to be affixed at Oklahoma City, this 25th day of March, 2020.

BY THE GOVERNOR OF THE STATE OF OKLAHOMA

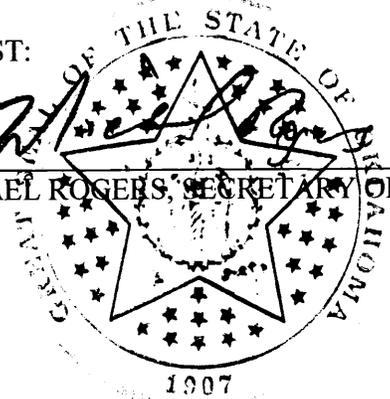

J. KEVIN STITT

ATTEST:

MICHAEL ROGERS, SECRETARY OF STATE

The Great Seal of the State of Oklahoma is circular, featuring a five-pointed star in the center. The star is surrounded by a wreath. The outer ring of the seal contains the text "GREAT SEAL OF THE STATE OF OKLAHOMA" at the top and "1907" at the bottom.
