## **CITY OF BARTLESVILLE** 2012-13 Operating Budget Organizational Chart

*THE CITY OF BARTLESVILLE* Office of the City Manager 401 SE Johnstone Bartlesville, OK 74003

May 7, 2012

The Honorable Mayor and City Council Members City of Bartlesville Bartlesville, Oklahoma

Mayor Gorman and Council Members:

It is my pleasure to present to you the budgets for the City of Bartlesville and the Bartlesville Municipal Authority for the fiscal year starting July 1, 2012 and ending June 30, 2013 (FY 2012-13). The review and adoption of the budget is, perhaps, one of the most important duties that the City Council performs. The budget is compiled, considered, and approved at this time every year because:

- 1. State law requires it (Title 11, Section 17-201 through 17-216);
- 2. The City Charter requires it (Article 10, Section 1 through 7); and
- 3. Prudent financial practices and our obligation to be good stewards of taxpayer funds demand it.

#### Introduction

I would like to expand on the importance of the review and adoption of the City budget. The budget is a planning tool reflecting the present position and future direction of the City. In the adoption of the budget by Council, a policy (goals, objectives, and responsibility) is given to the City Staff. Staff then is charged, once the budget is adopted, with the responsibility of carrying out the policy or implementing the objectives of the policy.

In order to address the policies and objectives of the budget document many resources are used, but some of the most important revenues are collected in the General Fund. While the revenues of the General Fund (mostly comprised of sales tax revenue which is our largest single generator of income) has, continued to grow steadily over the last ten years, that growth has not outpaced inflation. During this period of time, the City has continued to expand its services to meet the ever changing needs of the citizens of Bartlesville. The Cities ability to meet these needs, in spite of the lack of growth in financial resources, reveals that the City has become much more efficient with the use and application of the resources it does have. The City must, therefore, continue to explore areas where additional efficiencies can be implemented, again, as more is being required of the City and its services than ever before.

#### <u>Revenue</u>

As we are all aware, three and a half years ago this trend of growth dramatically reversed and reduced the City's sales tax revenue to its lowest levels in five years. Thankfully, sales tax revenue has stabilized over the last two years and shows signs of a continued but slow recovery. In light of these recent events, Staff has continued to take a conservative approach to projecting General Fund revenues. Staff believes that this approach is necessary because of our past revenue growth patterns and the continued uncertainty of our state's and nation's economic status. In keeping with this policy of conservative predictions, Staff is predicting a 2% growth scenario for sales tax revenues in the next fiscal.

In last year's budget (FY 2011-12), the City Council approved a budget with a slight increase to the City's "Wastewater Capital Improvement Fee" (WCIF). This was the culmination of the City's planned, phased rate increases related to wastewater. The first phase in FY 2008-09 created a new "Wastewater Capital Improvement Fee" of \$.75/1,000 gal of billable discharge. This fee was established to meet the growing demands from regulatory agencies. The second phase implemented in FY 2009-10 increased wastewater operating fees by 7% and increased the wastewater capital improvement fee by \$0.25/thousand gallons or 33%. The third phase, implemented in FY 2010-11 increased wastewater operating rates by 6%. The fourth phase, discussed above, brought the WCIF up to a level that should be sufficient to meet our known regulatory obligations, pay the debt service on the new wastewater plant, and fund continuing studies and improvements through FY 2018-19 using current estimates.

Last year, Staff discussed with Council that additional rate increases may be necessary, but that Staff did not feel comfortable raising rates for operating purposes any further until the long-term capital plans mandated by our new Capital Reserve Ordinance were completed and evaluated. These capital plans are now in place, and it appears that a 5% wastewater rate increase is now justified to fund current operations and long-term capital replacements. This rate increase is expected to generate \$188k in additional revenue and will cost the average residential customer about \$0.84/mo or \$10.08/yr.

There are no rate increases proposed for Water, Sanitation, Street Light, or Mosquito spray, since the present levels are sufficient to finance current operations and long-term capital replacements. As always, these rates will be reevaluated during the next budget cycle, and some form of increase will most likely be necessary on an ongoing basis to keep up with rising costs.

#### Economic Outlook

As was mentioned in the revenue section above, Staff has some expectation that sales tax will continue to recover through the next fiscal year. While this assumption may seem somewhat risky given the state of the European economies and continued uncertainty about the pace of the American recovery, Staff feels that it is justified for several reasons.

First, in almost every documented recession the State of Oklahoma has entered into a decline twelve months following most of the country. This pattern gives us ample warning with which to make adjustments and prepare for the worst.

Second, our revenues have grown apace with the rest of the state for the last 18 to 24 months, and at almost all levels in Oklahoma, there is an expectation that our economy will continue to recover due to the strength of the energy sector.

#### Personnel

Four years ago (FY 2008-09), the City of Bartlesville's budget provided for approximately 363 full time employee equivalents (FTEs). Following that budget, the City faced lean economic times and began reducing staff through various strategies including incentivized retirements and an extended hiring freeze. These strategies resulted in a FY 2011-12 budget that included funding for approximately 336 FTEs, a reduction of 27 FTEs from FY 2008-09.

These staffing reductions have resulted in some service reductions. The proposed budget provides funding for approximately 342 FTEs which is an increase of 6 FTEs over the current budget. This increase is attributable mainly to an increase of 1 FTE in HR, .25 FTEs in A&F, .5 FTEs in Neighborhood Services, 1 FTE in Parks, 3 FTEs in E-911, .5 FTEs in Water, and decreases of .5 FTE and .1 FTE in the Garage and Library respectively.

Of these increases, the addition of 3 dispatchers in E-911 and the addition of an Assistant Utilities Director in Water are the most significant. The dispatchers will allow the City's E-911 center to provide 3 dispatchers on duty at all times. This has become more important as the call volume and radio traffic has increased dramatically over the last several years. The Assistant Water Utilities Director will allow for succession planning in the Water and Wastewater Utility Funds. The current Director has expressed a desire to retire in the near future, and the addition of this position should help to smooth the transition in this critical leadership role.

#### Personnel (continued)

The City of Bartlesville's recent downturn in revenues has adversely affected not only the City's service levels but also the employees of the City of Bartlesville. The City's employees have only received a 2.5% COLA raise over the last four years, but during this period of time the employees have faced increased retirement and insurance costs, furloughs, and an overall inflation rate of 10.3%. While the City clearly cannot repay the full amount of the sacrifices made by its employees, Staff feels that it is important to offer some compensation increase to our employees to help offset their increased cost of living and to show the City's appreciation and support for these individuals who have sacrificed greatly during this difficult period. To that end, Staff is proposing a 3% COLA adjustment for all eligible employees. This raise is estimated to cost about \$500,000 (\$387k General Fund and \$113k Other Funds).

In addition to the COLA raise, Staff is recommending that the employees also receive a 5% merit raise for all eligible employees who receive a satisfactory evaluation. This raise will help to ensure that the City is able to retain its well trained staff while rewarding those employees whose value has increased with their experience. This raise is estimated to cost about \$340k (\$283 General Fund and \$57k Other Funds).

These raises are offset to some degree by the expiration of the 27<sup>th</sup> pay period that the City incurred last year. This event occurs every 11 years and has a significant financial impact on the City. The lapse of this event decreases the City's payroll by \$675k. The total change in payroll costs (excluding the position changes mentioned above) due to the lapse of the 27 pay periods, raises, changes in pensions, and rounding for budget purposes is \$217k which is an increase over last year's personnel budget of 1.2%.

In FY 2009-10, the City terminated new enrollment in our traditional defined benefit (DB) retirement plan and replaced it with a more cost effective defined contribution (DC) plan. Existing employees were allowed to retain their status in the DB plan, but all new employees will automatically participate in the DC plan. This has allowed the City to better control our retirement costs even as the DB plan's costs continue to grow as a percent of participants' salaries. However, the DB plan still has a significant "unfunded actuarial accrued liability" (UAAL). This is a comparison of the plan's total long term assets less its total actuarial liability. This UAAL is typically funded over a fixed period of time (generally 30 years after the establishment of the plan) but varies greatly in response to market gains/losses, investment returns, and actuarial assumption changes. The City's UAAL has increased dramatically in response to all of these factors and now stands at \$9.4MM with the result that our plan is only 49.1% funded.

#### Personnel (continued)

To help offset this UAAL in a more expedient manner, last year's budget contributed 22.41% of covered payroll when only 20.38% of covered payroll was required. Staff is recommending that we once again contribute amounts in excess of the "actuarial required contribution" which our portion is 21.89% of covered payroll. Staff is instead recommending a funding level of 23% of covered payroll which is estimated to cost an additional \$64,000. Continually exceeding our required contribution will have a similar effect to making extra monthly payments on a mortgage and will allow us to reach a sound funded ratio in a more reasonable period of time.

#### <u>Initiatives</u>

Due to budget constraints, the City of Bartlesville has added few new initiatives or programs since last year's (FY 2011-12) budget. However, there are a few significant items that the City is continuing to implement from prior year appropriations, some large capital items from restricted sources, and a few new programs intended to ensure the City's financial stability and bring efficiencies in the long term.

One initiative carried over is the implementation of the City's automated poly-cart system. Prior year appropriations from the Solid Waste budget will be carried over to finalize this transition. The current year's budget also provides for some fairly large new capital expenditures. However almost all of these capital items are being funded from the City's capital improvement funds and very little is being funded from the City's operational funds. Thanks to the willingness of the citizens of Bartlesville to continue the City's <sup>1</sup>/<sub>2</sub> cent Capital Improvement Sales Tax and G.O. bond programs and the foresight of the Council and Staff to provide sensible long-term capital improvement plans, the City of Bartlesville will be able to improve and maintain our infrastructure and equipment even in these tough economic times.

One program that Council authorized staff to move forward with is the Automated Meter reading/Automatic Meter Information system (AMR/AMI). The purpose of the AMR/AMI system is multi-functional. Reduction in cost of operation, better customer interface, energy savings, and conservation of resources are the primary objectives. Additional benefits of this system will be improved services through automatic reading and remote reporting provided by the AMR/AMI system, which includes and provides for enhanced customer service, reduced water loss, improved leak detection capability, reduced manpower, fuel, vehicle, and energy savings. The total annual savings to the City of Bartlesville is estimated to be \$367,368. The total annual benefit realized from the project is estimated to be \$1,194,368. The project cost is estimated to be \$3,900,000. Funding for the AMR/AMI system will be provided by a low interest loan and a "green" grant (in the amount of \$500,000.) from the Oklahoma Water Resources Board (OWRB). Current water rates will cover the cost of the loan.

#### Initiatives (continued)

The City is continuing progress in achieving the milestones established by the ODEQ mandated consent order. Tetra Tech Engineers, Inc has been retained and is currently performing a post rehabilitation flow study of the city's wastewater collection system. Thirty nine (39) permanent and three (3) roaming flow meters have been installed at locations across the entire system. These locations, originally selected during the 2005 flow monitoring study, will allow a comparative analysis of the data gathered during both monitoring events. The result will indicate the measure of effectiveness from the City's rehabilitation projects, assist in the identification of future projects, and provide information to calibrate a system hydraulic model.

Work continues on the South Wastewater Treatment Plant Project. Site selection activities are once again progressing as ODEQ has given approval of the Caney River model information produced during the Total Maximum Daily Load (TMDL) Study. Some non-site specific work has been completed for the new facility. Our next steps will be the finalization of the Caney River Model and ODEQ's approval of a modification to the Oklahoma 208 Water Quality Management Plan. Approval of this modification will permit the City to apply for the discharge permits required for both the old and new treatment facilities. Funds for the Post Rehabilitation Flow Monitoring Study and the activities associated with the new South Wastewater Treatment Plant are being obtained from the City's Wastewater Capital Investment Fee.

The City also has a substantial number of carryover projects from prior years that will continue construction/implementation. More detail about them can be found in the Capital portion of the Financial Summary section of the main budget document.

One other item that is implemented with this budget is the establishment of the Capital Reserve Fund. The Capital Reserve Fund is mandated by the City's recently adopted reserve fund ordinances and requires a five year capital plan for the Wastewater, Water, and Sanitation Funds. These five year plans are used to determine the necessary funding for capital replacements which are shown as transfers out of the utility funds into the Capital Reserve Fund.

Two items that were implemented with last year's budget was the establishment of the Stabilization Reserve Fund and the Auto Collision Insurance Fund. At a minimum, the City is required to contribute 2% of non-capital operating expenditures on an annual basis until the minimum required balance is established for the General, Wastewater, Water, and Sanitation Funds. In FY 2011-12, this 2% requirement was exceeded and the City contributed 3%. Staff is recommending that due to the existence of large amounts of one-time resources that the funding level be set at 4% for the coming fiscal year.

The Auto Collision Insurance Fund is a fund that was created in FY 2011-12. The City's vehicles are only insured for liability, and we are "own risk" for damage to our vehicles. This fund was established with an initial funding level of \$300,000 which is contributed by the General Fund (\$100k), Wastewater Fund (\$50k), Water Fund (\$100k), and the Sanitation Fund (\$50k). Staff feels that the current level in this fund is sufficient for the next fiscal year and no additional transfers are budgeted for this fiscal year.

#### **Summary**

With this budget, we have attempted to meet the diverse needs of our population while planning for the possibility of limited growth after the recent recession.

As always, we have attempted to be forward thinking during budget planning and anticipate our most likely and greatest future challenges. With these challenges in mind, we attempt to fashion the budget in a manner that addresses these challenges while best positioning the City to deal with the unforeseen. At this time, I feel that the City of Bartlesville's greatest challenges are the continued uncertainty of the global/national economic climate and the relatively low levels of the City's reserves, but I believe that we are on the right track to replenishing these reserves in a responsible manner. Even with these issues facing us, I believe that the budget presented herein places us in a position to meet these challenges and maintain the long-term financial health of the City.

I also feel it is important to point out that this budget is not just the City Manager's budget. This policy document is the result of hours of research, hearings, and work from a talented and dedicated group that includes the City Council, Directors, staff, and advisory groups. I would also like to issue a special word of thanks to the Administrative Director/CFO, Mike Bailey, Internal Services Supervisor, Jason Muninger, and Graduate Accountant, Alicia Shelton, without whom the quality and accuracy of this document would not be possible.

Sincerely,

E M

Ed Gordon City Manager

## **COMMUNITY PROFILE**

PAGE LEFT BLANK INTENTIONALLY

The City of Bartlesville is a charter city in the State of Oklahoma. The City has a population of 35,750 according to the 2010 US Census. The City is located in Washington County and encompasses 21.1 square miles at an elevation of 700 feet above sea level.

#### 2012-13 Operating Budget A Brief History of Bartlesville, Oklahoma

#### Bartlesville's Beginnings...

Back in 1870, when northeast Oklahoma was home to mostly the Osage, Cherokee, and Delaware Indian tribes, an Indian trader name Nelson Carr opened a trading post on the north side of the Caney River. And so the legend of Bartlesville began.

In 1873, Jacob Bartles – a Civil War veteran who saw an opportunity in Indian Territory bought the mill from Carr and expanded the facility into a flourmill and eventually a general store and home for his family. Bartles was married to the Delaware Indian Chief Charles Journeycake's daughter, Nannie Journeycake Pratt. His marriage allowed him to be a business owner in Indian Territory.

William Johnstone and George Keeler also came to the area in the early 1870's. Both gentlemen took Delaware Indian brides. After working for Bartles, the two struck out on their own and built a general store on the south side of the river.

Within a few years the area around the Johnstone-Keeler store had grown to include other businesses and dwellings. The population grew to nearly 200 as settlers moved to the area. Bridges and railroads came to town, along with merchants, a drugstore, and a school. In 1897, Bartlesville, Indian Territory, was incorporated, taking the name from its early settler and businessman.

As the city grew south of the Caney River, Bartles was disappointed by his failure to secure the railroad station on the north side of the river. He moved his store three miles north to what is present day Dewey, named after Admiral George Dewey whose victory at Manila Bay was current news.

#### The Boom...

It was Keeler who found another key to Bartlesville's future—oil. Keeler had noticed rainbow sheens on the area creeks and believed that there was an untapped oil supply beneath the Caney basin. Keeler was right. On April 15, 1897, the first commercial oil well in what is now the state of Oklahoma—the Nellie Johnstone No. 1—blew in as a gusher. Nellie Johnstone was the Delaware maiden who owned the land where the well was discovered.

Attracted by the oil boom, Frank and L.E. Phillips, two brothers raised on an Iowa farm, came to Bartlesville in 1904. They hit a gusher north of Bartlesville, followed by 80 straight producers. The two founded Phillips Petroleum Company in 1917. It grew to become Bartlesville's largest employer and one of the nations top oil companies.

#### 2012-13 Operating Budget A Brief History of Bartlesville, Oklahoma (continued)

Armais Arutunoff, a Russian immigrant, was another Bartlesville pioneer. At the urging of the Phillips brothers, Arutunoff came to the community with his invention—an electric pump that pumped oil from deep in the ground. His efforts eventually became REDA Pump.

#### Today...

Bartlesville is proud of the many attractions and assets that continue the legend of exploration and innovation, including museums, dramatic architecture, art collections, scenic prairie life, and world-renowned events. With a balanced mixture of natural resources and abundant space, Bartlesville has grown to be the home of more than 35,000 people as well as industrial giants Phillips 66, ConocoPhillips, Schlumberger REDA Production Systems, Zinc Corporation of America, ABB Total Flow, SGS, and Siemens. Since the early days, the economic foundations of Bartlesville area business have been natural gas, oil, agriculture, and ranching.

#### **Our Future...**

Bartlesville begins its second century with industrial and economic growth while remaining proud of its Native American Indian and western heritage. From its frontier trade and petroleum beginnings to its present diversity of manufacturing, research, ranching, and commerce, the Bartlesville area presents a unique blend of cosmopolitan attitude mixed with neighborly friendliness. Located in the heart of America's Sunbelt, the city's schools, library, and civic organizations continually produce the finest students, forums, and cultural events in the region. With such a rich heritage as its foundation, Bartlesville's growth and future will no doubt be legendary as well.

**OK Mozart** (pictures courtesy of Bartlesville Chamber of Commerce)

Will Rogers said, "Of all the places in the United States, **Woolaroc** is the most unique." The country estate of oil baron Frank Phillips, founder of Phillips Petroleum Company, got its name from the **WOO**ds, **LA**kes, and **ROC**ks that are indigenous to the area. This rustic environment served as a oneof-a-kind entertainment venue. "Uncle Frank" hosted U.S. Presidents, wealthy Eastern investors, dignitaries, Indians, tycoons, movie stars, lawmen, and outlaws alike on his sprawling ranch southwest of Bartlesville. From early spring to late fall, the North Road Tour features a five-mile drive through some of the most beautiful portions of the Woolaroc preserve. This tour includes a stop at an authentic restoration of an 1840s Trader's Camp where true to life mountain-men offer a glimpse

of early settler living. Visitors can experience nature's beauty while smelling the clean, fresh air of the Osage Hills and listening to the peaceful sounds of the streams running through this 3,700 acre wildlife preserve. There is also a museum, which houses over 55,000 pieces including some of the Southwest's greatest collections of western and worldwide art, relics, and exhibits that tell the alluring story of the American West.

Frank Lloyd Wright called this masterpiece the "tree that escaped the crowded forest" when he completed it for the H.C. Price International Pipeline Company in 1956. The **Price Tower** is Frank Lloyd Wright's only built skyscraper. The combination apartmentoffice building received the American Institute of Architects 25year Award and is on the National Register of Historic Places. The Price Tower Arts Center offers a variety of traveling art exhibitions and permanent exhibitions on Wright, Bruce Goff and the Price Company and Tower. Recent renovations by architect Wendy Evans Joseph have created an upscale 21-room boutique inn called Inn at Price Tower. With the creation of this inn, Frank Lloyd Wright enthusiasts can have the opportunity to overnight in a Frank

Lloyd Wright building. Also on the premises and open for business is the Copper Restaurant & Bar, creating a fine dining experience for Bartlesville natives and visitors alike. Future plans for the Price Tower Arts Center include an expansion of their educational program. The Price Tower Arts Center has currently commissioned world-renowned architect, Zaha Hadid, to create the new complex that will adjoin the Price Tower, complementing the symmetrical design of Frank Lloyd Wright. The Price Tower is an architectural jewel that attracts visitors from around the world, not only for the architecture, but also for its world-class exhibitions.

Experience the sumptuous residence of oil baron Frank Phillips, founder of Phillips Petroleum Company, and his family. Designed by architect Walton Everman, the **Frank Phillips Mansion** was completed in 1909 and occupied by the Phillips until their deaths. Preserved by the Oklahoma Historical Society, this National Register Historic Site reflects the family life of one of the legends of the Oklahoma oil industry. The mansion, which underwent a \$500,000

renovation in 1930 in the midst of the Depression, reflects an opulent yet comfortable lifestyle.

The **Bartlesville Community Center** houses an acoustically superb performance hall that seats over 1,700; the world's largest cloisonné artwork, a mural that is 25 feet long which depicts a stylized northeastern Oklahoma countryside; the Lyon Art Gallery; and serves as the primary site of Bartlesville's premiere arts event -

The OK MOZART International Festival. The site of many of Bartlesville's cultural arts and events, this graceful and beautiful Taliesin West-The Frank Lloyd Wright Foundation designed Community Center is a valuable asset to the Bartlesville cultural arts community.

The Foster Mansion (La Quinta) was designed in 1930 by noted Kansas City architect Edward Buehler Delk. H.V. Foster, once known as the wealthiest man west of the Mississippi, located his new home on 152 acres, three miles from the center of town. The 32room, Spanish style mansion has 14 bathrooms and 7 fireplaces. Construction was completed in 1932 and it served as the family home until Mr. Foster's death in 1939. that time, After La Ouinta served. consecutively, as the home of a military school, Central Christian College and Central Pilgrim College. The Wesleyan Church now owns and

operates Oklahoma Wesleyan University, an accredited, four-year liberal arts college. La Quinta is the focal point of the campus and serves as the library and administration facilities for the school. La Quinta is listed on the National Register of Historic Places.

The Bill Doenges Memorial Stadium began its life as the Bartlesville Municipal Athletic Field on May 2, 1932. The original stadium was built at a cost of \$30,000 about and could seat approximately 2,000 people. The stadium has been used by many teams through the years including a minor league team in the KOM (Kansas, Oklahoma, Missouri) League. Through the years, the stadium famous for being was the only professional ball park in the world with the same distance (340 feet) to the fence

anywhere in fair territory. Today, home plate has been moved and the field is no longer perfectly symmetrical. In 1997, Bartlesville Municipal Athletic Field was renamed Bill Doenges Memorial Stadium in honor of Mr. Doenges' nearly sixty years of generous support to Bartlesville and the American Legion baseball program. In 1997, a major renovation of the stadium was undertaken. Utilizing volunteers and both public and private support the stadium was transformed into a beautiful modern ballpark capable of comfortably seating 2,500 spectators. In 2003, the stadium was chosen as the site for the prestigious American Legion World Series. The stadium holds both a rich history and an equally promising future, as it has been chosen as the site for the Centennial American Legion World Series in 2007.

Golfers can test their skills at the recently renovated 18-hole **Adams Memorial Golf Course**. Architect Mark Hayes designed the \$1.1 million, 2000-2001 renovations. The course meanders through the beautiful Eastern Oklahoma terrain that is interwoven with Turkey Creek. The creek has been coffer damned to provide beautiful ponds that come into play on 12 of the 18 holes. The fairways and rough are Bermuda grass and the greens are Pen Cross Bent for a fast pace of putting.

The "practice facility" is new and one of the finest in the Midwest. It includes practice putting greens, a chipping green, practice bunkers, and a 25-station driving range with target greens.

The past is remembered, and vividly alive at **Prairie Song**, a recreated 1800's pioneer village museum. The village features a two-story saloon, Scudder Schoolhouse, Wildwood Chapel, cowboy line shack, homestead cabin, post office, trading post, school marm's house, rock jail house, covered bridge, rock depot and much more. Each structure was built with handhewn Arkansas "bull pine" and Missouri red and white oak. Prairie Song has been restocked with Texas longhorns, the original breed of cattle driven up the trail. Visitors can enjoy a glimpse of life from days gone by as they watch the longhorn

cattle graze on the bluestem prairie that has never been touched by the steel plow. This lifelike replica of a pioneer village stands in the midst of an authentic working ranch from the late 1800's and shows life, work, and play as it was in those days.

Visitors to historic **Johnstone Park** can enjoy viewing a replica of the **Nellie Johnstone #1**, the first commercial oil well drilled in what is now the state of Oklahoma on April 15, 1897. The replica marks the spot of the original site. The Nellie Johnstone #1 gets its name from a young

Delaware Indian maiden who owned the land on which the well was discovered. Soon visitors will be able to experience

the early days of the oil industry first hand with the development of the "Discovery 1" park featuring working gushers and hands on experiences. The park is the former home of the only **Santa Fe engine 940 series** in existence,

but it has now been relocated to the City's historic **Santa Fe Depot** at 2<sup>nd</sup> and Keeler. The 900-class/940 series were the first locomotives to burn fuel oil instead of coal and were synonymous with the Santa Fe engine. Built by Vulcain, this Santa Fe engine, built in 1903,

was originally a compound steam locomotive, and later converted to a simplified locomotive that could burn diesel. In addition to the engine, a caboose has been added and an oil car will soon make its debut. It has 2/10/2 wheels (2 pilot, 10 drivers and 2 trailing). Also to be seen at the park is the restored **Hulah Santa Fe Depot** (a #1 Santa Fe Depot), built in 1923. Both have been relocated to Johnstone Park as reminders of the important role each played in the development of the area.

Travel back in time to experience the growth and development of Bartlesville and surrounding areas at the **Bartlesville Area History Museum**. The museum is situated on the fifth floor of what was the historic Burlingame Hotel. Through photographs and artifacts learn about Indian Territory, the first commercial oil well in Oklahoma, the

composer of the 12th Street Rag, the founder of Bartlesville, and many other people, places and events which shaped this turn-of-the-century settlement into the modern community it is today.

The **Wall of Honor Veterans Memorial** recognizes and honors veterans and current military personnel for the bravery and sacrifices they've made to preserve our country's freedom. Located at the northwest entrance of Washington Park Mall, it stands as a permanent tribute to all Americans who have served and are serving our Great Nation. Names are listed on panels beside the display cabinets. Also on display are photos, story

boards, World War II murals, eternal flame, and POW/MIA Listings. In addition a special display has been created to honor Lance Corporal Thomas A. Blair, Oklahoma's first casualty during Operation Iraqi Freedom.

Before you ever open the door to **Keepsake Candle Factory**, you will detect the aura of vibrant scents of the hand-made candles made in this facility. These beautiful "Antiques in Wax" have been made in Bartlesville since 1970 as part of a business that began on a kitchen stove. There's also a short train consisting of two tank cars and a caboose. Inside the caboose you can see memorabilia from bygone days of railroading. Recognized by many as one of the nation's leading candle manufacturers, Keepsake Candles

produces over 500 styles of candles that are available across the nation and around the world.

Pictures and descriptions in the previous section are courtesy of the Bartlesville Chamber of Commerce.

Bartlesville is perhaps best known for its role in the development of our nation's oil industry. While there were many major energy companies who got their starts in Bartlesville, the most important to the Bartlesville area was Phillips Petroleum Co.

#### The birth of a giant...

On June 13, 1917 the Phillips Petroleum Company was incorporated under the laws of Delaware. This auspicious occasion was due mostly to the work of the new company's soon to be president, Frank Phillips, and his brother L.E. Phillips. Frank was a man of great

vision who excelled at predicting the changes in market forces and at obtaining creative financing for his new company. Frank saw the news of increasing automobile production, the use of mechanized war equipment in World War I, and the increase in use of commercial aircraft as more than just sensational news. He saw this as opportunity.

#### The first decade...

Board of Directors and Stockholders board a special train in April 1919

Frank knew that more needed to be done in order to position his company to take advantage of the

promising crude oil and energy market. During and after World War I, demand far outstripped supply and oil prices reached peak levels. By the end of 1923, Phillips

Petroleum Company's net daily production approximated 25,000 barrels of crude oil, 100,000 gallons of natural gasoline, and 24,000,000 cubic feet of natural gas.

Through the tireless efforts of Frank Phillips and his successors, such as K.S. Adams and others, Phillips Petroleum Company was able to expand upon Frank's vision of a vast Midwest territory to include nearly the entire continental United States. From its first uniquely styled cottage filling station which opened on November 19, 1927 in Wichita, Kansas,

1<sup>st</sup> Phillips 66 Filling Station November 19, 1927 – Wichita, Kansas

the Phillips 66 brand has expanded to include more than 10,000 filling stations across the United States. Always at the forefront of innovation, the Phillips Petroleum Company has received more than 15,000 U.S. Patents to date.

#### The reformation...

In 2000 the Phillips Petroleum Company began to aggressively reshape itself once again. Through joint ventures and multiple acquisitions, Phillips Petroleum Company grew to national prominence.

Phillip's Complex with distinctive Phillips' Tower shown in both pictures. The tower was originally built as an addition to the original Phillip's building. The tower still stands today, even though the original building has long since been demolished and replaced. (*Picture on left courtesy of the Bartlesville Chamber of Commerce*)

One of the largest changes in Phillips Petroleum Company's remarkable makeover came on August 30, 2002 when Phillips Petroleum Company and Conoco Inc. formally merged to form one of the world's largest energy companies, ConocoPhillips.

The most recent change occurred on May 1, 2012 when ConocoPhillips spun off its downstream operations into a company whose name resonates with Bartlesville heritage...Phillips 66. Due to this recent change, Bartlesville is now home to the global services for two of the world's most recognized energy companies.

# BUDGET AND ACCOUNTING OVERVIEW

PAGE LEFT BLANK INTENTIONALLY

2012-13 Operating Budget Financial Policies

The City of Bartlesville has a set of formal and informal financial policies, listed below, that are used to set guidelines for the financial management of the City. These policies help to guide the City's financial staff and the City Council during the budgetary and financial decision making process.

- Prepare an annual budget according to the "Budget Act" of the State of Oklahoma that is submitted to the Council for approval and made available to all citizens of the City of Bartlesville.
- Manage the City's cash flows to minimize the loss of investment revenues during short-term cash shortages.
- Provide for sound financial planning to maintain adequate reserves in all operating funds. In FY 2011, the City adopted an ordinance establishing the Stabilization Reserve Fund and Capital Reserve Fund. The Stabilization Reserve Fund must be funded by a minimum annual contribution equivalent to 2% of non-capital operating expenses for the General, Water, Wastewater, and Sanitation Funds. The use of any resources deposited in the Stabilization Reserve Fund is restricted by the ordinance and requires a 4/5<sup>ths</sup> vote of the City Council. The Capital Reserve is funded in accordance with the needs of long term capital plans for the Water, Wastewater, and Sanitation Funds.
- Maintain adequate financial records and documentation to provide for a cost effective audit and positive auditor's opinion.
- Maintain a sound financial condition through careful planning to obtain the highest possible bond rating. The City's bond rating was upgraded in fiscal year 2007-2008 to AA- and still maintains this rating today. This is one of the highest bond ratings for a municipality in the State of Oklahoma with only two other municipalities receiving any A rating.
- Monitor the budget to maintain necessary flexibility to meet the needs of the City as a whole.
- Maintain a balanced budget by paying for all current year operating expenses from current year revenues and/or available fund balance.
- Monitor all debt service reserves for compliance with the active debt covenants of the City.
- Maintain a positive cash balance in all operating funds at year end.
- The City of Bartlesville adopted the "Municipal Budget Act," a provision of State Statute located at §11-17-201 through §11-17-216.

2012-13 Operating Budget Budget and Accounting Process

#### THE BUDGET PROCESS

The City of Bartlesville, Oklahoma is a municipal corporation incorporated under a Municipal Charter pursuant to Article XVIII of the Constitution and laws of the State of Oklahoma. The City operates under the Council-Manager form of government and provides such services as are authorized by its Charter to advance the welfare, health, morals, comfort, safety, and convenience of the City and its citizens.

The City's major activities or functions include police and fire protection, parks and libraries, public health and social services, planning and zoning, and general administrative services. In addition, the City owns and operates four major enterprise activities: the Water, Wastewater, and Sanitation utility systems as well as the Adams Golf Course.

#### BASIS OF PRESENTATION

The City prepares its annual operating budget on a basis ("Budget basis") which differs from Generally Accepted Accounting Principles ("GAAP basis"). The Budget basis that the City uses differs from GAAP in two significant ways. The first is that the City uses modified cash basis, another comprehensive basis of accounting ("OCBOA"), for its Budget basis. GAAP basis requires the use of modified accrual for governmental funds and full accrual for fiduciary, internal service, and proprietary funds. The modified cash basis of accounting is based on the cash basis of accounting, which only records transactions arising from cash activities. Cash basis financial statements have only one asset, cash, and no liabilities. Investments, inventory, capital assets, and prepaid expenses are all considered as a cash disbursement (cash basis equivalent of an expense) at the time of payment. Most liabilities are not recognized, since they do not arise from a cash transaction. The City modifies the strict cash basis of accounting to include investments, accounts payable, and accounts receivable as assets and liabilities.

The second major difference is in the treatment of encumbrances. A government is required to encumber funds prior to committing to a purchase. In GAAP, these encumbrances are treated as a reservation of fund balance, but the City's Budget basis treats encumbrances the same as expenditures. This means that the available budget at any time is equal to the original appropriations, plus or minus any amendments, less expenditures, less encumbrances.

2012-13 Operating Budget Budget and Accounting Process (continued)

#### THE BUDGET PROCESS AND GUIDELINES

The City of Bartlesville prepares its budget based on the guidelines found in **O.S. 11 Sec. 17-201** – **17-216** ("Municipal Budget Act").

The City of Bartlesville operates under conservative budgetary practices. Revenue is estimated using historical data and is adjusted based on current trends and economic performance. Additions or reductions may be made based on revised tax rates or fee levels.

Each fund maintained by the City must be budgeted prior to encumbering any funds.

Budget amendment increases (increasing the fund total budgeted expenditures at the legal level of control) may be made only if unanticipated funds are received, the actual beginning fund balance is larger than anticipated, or if revenues exceed the amounts projected under the budget. The legal level of control for the City is set by the City Council at the Department level.

The City of Bartlesville uses an interactive methodology whereby the Department Directors are asked to make projections and estimates of current expenditures and requests for the ensuing budget year based on their justifications. The City Manager, or the person he appoints to oversee the budget process, reviews the work and may make adjustments based on historical information or if the original estimate is deemed to be unrealistic.

The City prepares its budget using the following steps (which are also outlined in the Budget Calendar on subsequent pages):

- 1. The Directors prepare budget estimates and turn them into the Finance Director.
- 2. The Directors meet with the City Manager to discuss the needs of their departments and to review their requests.
- 3. The City Manager presents the proposed budgets to the City Council for their review.
- 4. The City Council conducts a series of meetings that are open to the public to discuss the proposed budgets.
- 5. A proposed budget summary is published, and a notice of a public hearing on the proposed budget is issued.
- 6. The public hearing is held.
- 7. The budget is adopted, and the final copy is filed with the Office of the State Auditor and the City Clerk's office.

2012-13 Operating Budget Budget and Accounting Process (continued)

#### THE ACCOUNTING PROCESS

The accounting and reporting policies of the City conform to Generally Accepted Accounting Principles ("GAAP") applicable to state and local governments. GAAP for local governments include those principles prescribed by the Governmental Accounting Standards Board ("GASB"), which includes all statements and interpretations of the National Council on Governmental Accounting, unless modified by the GASB, and those principles prescribed by the American Institute of Certified Public Accountants in the publication entitled <u>Audits of State and Local Government Units</u>. The following is a summary of the more significant policies and practices used by the City.

#### **MEASUREMENT FOCUS AND BASIS OF ACCOUNTING**

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

#### MEASUREMENT FOCUS

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All proprietary funds and trust funds utilize an "economic resources" measurement focus. The accounting objectives of the measurement focus are the determination of net income, financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Fund equity is classified as net assets.

Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

2012-13 Operating Budget Budget and Accounting Process (continued)

#### BASIS OF ACCOUNTING

Governmental funds and agency funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available". Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter to pay current liabilities. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due. Examples of the treatment of major transaction classes include:

- Sales tax receipts and property tax revenues are considered measurable and available when collected (not when remitted to the City) and are recorded at that time.
- Licenses and permits are considered measurable and available when billed and are recorded at that time.
- Investments are recorded on the accrual basis in all funds.
- Intergovernmental revenues are recorded on the basis applicable to the legal and contractual requirements of the various individual grant programs.

All proprietary funds and trust funds utilize the full accrual basis of accounting. Under the full accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or the economic asset used. Examples of the treatment of major transaction classes include:

- Utility revenues are recorded net of an allowance for doubtful accounts at the time they are billed.
- Interest payments are accrued based on the amount incurred in the period, not on the actual amount paid.

## CITY OF BARTLESVILLE 2012-13 Operating Budget Description of Funds

The accounts of the City are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three main categories: governmental, proprietary, and fiduciary.

#### FUNDS APPROPRIATED BY REQUIREMENT OF THE BUDGET ACT

The funds that are legally required to be appropriated by the Oklahoma Municipal Budget Act are described below:

#### GOVERNMENTAL FUND TYPES:

<u>General Fund</u> – The General Fund is the primary fund of the City, which accounts for all financial transactions not accounted for in other funds and certain Public Trust activities that require separate accountability for services rendered. The major sources of revenue for this fund are 75% of the municipal 3 cent sales tax (or 2<sup>1</sup>/<sub>4</sub> cents), franchise taxes, and transfers from the utility system.

#### Special Revenue Funds:

<u>Economic Development</u> – The Economic Development Fund accounts for revenues and expenditures associated with promoting economic development and diversification. The major source of revenue for this fund is  $8\frac{1}{3}$  % of the municipal 3 cent sales tax (or  $\frac{1}{4}$  cent).

 $\underline{\text{E-911}}$  – The E-911 Fund accounts for revenues and expenditures of the E-911 emergency service that are legally restricted for public safety use. The major sources of revenue for this fund are an E-911 service tax, E-911 wireless service tax, and transfers from other funds.

<u>Special Library</u> – The Special Library Fund accounts for State Library Assistance and certain donations that are provided to the library. The main sources of revenue for this fund are State library assistance grants, donations, and transfers from other sources.

#### CITY OF BARTLESVILLE 2012-13 Operating Budget Description of Funds (continued)

<u>Special Museum</u> – The Special Museum Fund accounts for certain donations that are provided to the museum. The main sources of revenue for this fund are donations and transfers from other sources.

<u>Municipal Airport</u> – The Municipal Airport Fund accounts for revenues and expenditures of the Bartlesville Municipal Airport. The major sources of revenue for this fund are federal grants (for capital improvements) and investment earnings. Effective in mid FY 2008/2009 user fees are now collected directly by the City's authorized airport operator in accordance with the City's operating agreement.

<u>Restricted Revenues</u> – The Restricted Revenues Fund accounts for receipts and expenditures of revenues that are restricted to a specific purpose. The main sources of revenue for this fund are donations, grants, and drug seizures.

<u>Golf Course Memorial</u> – The Golf Course Memorial Fund was formed at the request of certain members of the golf course who wanted a mechanism for making and tracking donations for the purpose of golf course improvements. The major sources of revenue for this fund are donations and investment earnings.

<u>JAG</u> – The Local Law Enforcement Block Grant Fund accounts for revenues and expenditures of the Judicial Assistance Grant (formerly known as the Local Law Enforcement Block Grant). The major source of revenue for this fund is federal grants.

<u>COPS GRANT</u> – The COPS Grant Fund accounts for revenues and expenditures of the COPS Grant. The only source of revenue for this fund is a federal grant.

<u>Neighborhood Park</u> – The Neighborhood Park Fund accounts for the receipt and expenditure of funds generated by the Park Fee imposed on all residential developments within the City. The major source of revenue for this fund is the Park Fee of \$500 per acre or portion thereof on all residential developments.

<u>Cemetery Perpetual Care</u> – The Cemetery Perpetual Care Fund accounts for revenues and expenditures of the cemetery's improvement and upkeep in accordance with State law. The principal portion of this fund may only be used to purchase additional land for the cemetery or for other capital improvements. The interest portion can be used for maintenance. The major sources of revenue for this fund are  $12\frac{1}{2}$  % of all receipts from the sale of burial plots or interments at the Cemetery, donations, and investment earnings.

#### CITY OF BARTLESVILLE 2012-13 Operating Budget Description of Funds (continued)

<u>Memorial Stadium Operating</u> – The Memorial Stadium Operating Fund accounts for the revenues and expenditures associated with operating and improving the Doenges Memorial Stadium. The major sources of revenue for this fund are transfers from other funds and structure rentals.

<u>Debt Service Fund</u> – As prescribed by State law, the Debt Service Fund receives all ad valorem taxes paid to the City for the retirement of general obligation bonded debt. Such revenues are used for the payment of principal and interest on the City's general obligation bonds. The major sources of revenue for this fund are ad valorem taxes and transfers from other funds.

#### Capital Projects Funds:

<u>Capital Improvements: Sales Tax</u> – The Capital Improvements: Sales Tax Fund accounts for revenues and expenditures associated with funds from sales tax that are dedicated to capital improvements. This fund was originally established to account for the 1999  $\frac{1}{2}$  cent sales tax issue that was extended in 2003. The major sources of current revenue for this fund are  $16^{\frac{2}{3}}$  % of the municipal 3 cent sales tax (or  $\frac{1}{2}$  cent) and investment earnings.

<u>Capital Improvements: Wastewater Regulatory</u> – The Capital Improvements: Wastewater Regulatory Fund accounts for specific revenues and expenditures associated with ODEQ & EPA mandated improvements to the wastewater system. The major source of revenue for this fund is the wastewater capital investment fees, which are assessed as \$1.00/1,000 gallons of billable wastewater, and investment earnings.

<u>Capital Improvements: City Hall</u> – The Capital Improvements: City Hall Fund accounts for specific revenues and expenditures associated with improvements to City Hall. The fund was originally established to account for lease revenues associated with the  $3^{rd}$  party lease for the  $4^{th}$  floor of City Hall. As there is no guarantee that these revenues will be sustainable long-term, it was determined that they should not be used to support ongoing operations and were therefore restricted for improvements to City Hall. The major sources of current revenue for this fund are lease revenues and investment earnings.

2012-13 Operating Budget Description of Funds (continued)

<u>Capital Improvements: Storm Sewer</u> – The Capital Improvements: Storm Sewer Fund accounts for specific revenues and expenditures associated with improvements to the City's storm drainage system. The fund was originally established to account for the 1997 General Obligation Bond funds that were dedicated to storm sewer improvements. The major sources of current revenue for this fund are the storm water detention in-lieu fees, which are assessed on subdivisions at a rate of 10 cents per square foot of impervious surface, and investment earnings.

<u>Community Development Block Grant</u> – The Community Development Block Grant Fund accounts for revenues and expenditures related to the Community Development Block Grant, a federal grant passed through the State of Oklahoma Department of Commerce. The fund's only source of revenue is federal grants.

<u>2005 G.O. Bond</u> – The 2005 G.O. Bond fund accounts for revenues and expenditures related to the 2005 general obligation debt issuance. The fund's only sources of revenue are proceeds from the issuance of debt and investment income.

<u>2007 G.O. Bond</u> – The 2007 G.O. Bond fund accounts for revenues and expenditures related to the 2007 general obligation debt issuance. The fund's only sources of revenue are proceeds from the issuance of debt and investment income.

<u>2008A G.O. Bond</u> – The 2008A G.O. Bond fund accounts for revenues and expenditures related to the 2008A general obligation debt issuance. The fund's only sources of revenue are proceeds from the issuance of debt and investment income.

<u>2008B</u> G.O. Bond – The 2008B G.O. Bond fund accounts for revenues and expenditures related to the 2008B general obligation debt issuance. The fund's only sources of revenue are proceeds from the issuance of debt and investment income.

<u>2009 G.O Bond</u> – The 2009 G.O. Bond fund accounts for the revenues and expenditures related to the 2009 general obligation debt issuance. The fund's only sources of revenue are proceeds from the issuance of debt and investment income.

<u>2010 G.O Bond</u> – The 2010 G.O. Bond fund accounts for the revenues and expenditures related to the 2010 general obligation debt issuance. The fund's only sources of revenue are proceeds from the issuance of debt and investment income.

2012-13 Operating Budget Description of Funds (continued)

#### **PROPRIETARY FUND TYPES:**

#### Enterprise Funds:

<u>Wastewater</u> – The Wastewater Fund accounts for the operations of the City of Bartlesville's wastewater utility. The major source of revenue for this fund is charges for services related to wastewater collection and processing. These charges are originally recorded in the Bartlesville Municipal Authority and are transferred to the Wastewater Fund, after all outstanding debt obligations have been met, as a reimbursement of operating expenses.

 $\underline{Water}$  – The Water Fund accounts for the operations of the City of Bartlesville's water utility. The major source of revenue for this fund is charges for services related to water treatment and distribution. These charges are originally recorded in the Bartlesville Municipal Authority and are transferred to the Water Fund, after all outstanding debt obligations have been met, as a reimbursement of operating expenses.

<u>Solid Waste</u> – The Solid Waste Fund accounts for the operations of the City of Bartlesville's solid waste utility. The major source of revenue for this fund is charges for services related to solid waste collection and disposal.

<u>Adams Municipal Golf Course</u> – The Adams Municipal Golf Course Fund accounts for the operations of the City of Bartlesville's municipal golf course. The major sources of revenue for this fund are charges for services related to green fees, membership, locker rentals, and transfers from other funds.

<u>Sooner Pool</u> – The Sooner Pool Fund accounts for the operations of the City of Bartlesville's Sooner Pool. The major sources of revenue for this fund are charges for services related to admission, Concession sales, and transfers from other funds. In addition to these standard revenue sources, in FY 2011, the City received a large donation for the operation of this pool which is also contained in this fund.

<u>Frontier Pool</u> – The Frontier Pool Fund accounts for the operations of the City of Bartlesville's Frontier Pool. The major sources of revenue for this fund are charges for services related to admission, Concession sales, and transfers from other funds.

2012-13 Operating Budget Description of Funds (continued)

Internal Service Funds:

<u>Workers' Compensation</u> – The Workers' Compensation Fund accounts for the revenues and expenditures of the City's self funded workers' compensation insurance. The major source of revenue for this fund is transfers from other funds.

<u>Health Insurance</u> – The Health Insurance Fund accounts for the revenues and expenditures of the City's self funded health insurance plan. The major sources of revenue for this fund are employee premiums and transfers from other funds.

<u>Auto Collision Insurance</u> – The Auto Collision Insurance Fund accounts for the revenues and expenditure related to the City's self funded auto collision/physical damage claims. The major sources of revenue for this fund are transfers from other funds.

<u>Stabilization Reserve</u> – The Stabilization Reserve Fund accounts for revenues and reserve balances associated with the City's Stabilization Reserve Fund ordinance that was adopted in FY 2011. This ordinance established minimum funding criteria for the Stabilization Reserve and criteria under which these balances may be spent in the event of emergencies or unexpected economic downturns.

<u>Capital Reserve</u> – The Capital Reserve Fund accounts for revenues and reserve balances associated with the City's Capital Reserve Fund ordinance that was adopted in FY 2011. This ordinance established procedures and requirements for the formation and adoption of long term capital plans for the Water, Wastewater, and Sanitation Funds. The reserve balances contained in this fund are to be spent in accordance with these capital plans, and the funding levels for this fund are to be provided based on the needs established in these plans.

#### FIDUCIARY FUND TYPES:

#### **Expendable** Trust Funds:

<u>Mausoleum Endowment Fund</u> – The Mausoleum Endowment Fund accounts for the revenues and expenditures related to the mausoleum. The fund was formed initially to account for funds that were already on deposit for the care of the mausoleum when the City accepted the mausoleum. The major source of revenue for this fund is investment earnings.

2012-13 Operating Budget Description of Funds (continued)

#### **OTHER FUNDS AND COMPONENT UNITS**

The City's audited financial statements also include certain other funds that are not required to be part of the City's annual budget according to the Municipal Budget Act. These funds are certain trust authorities formed under **O.S. 60 Sec. 176** of the Oklahoma State Statutes, other corporations that directly benefit the City and agency funds that do not have expenses or income.

The authorities created in accordance with **O.S. 60 Sec. 176** are governed by the budget laws set forth in **O.S. 60 Sec. 176** and not the Municipal Budget Act. In accordance with this statute, these public trust authorities are required to prepare an annual budget and submit a copy to the City as beneficiary. However, there are no further requirements such as form of budget or definition of legal spending limit. The corporation that directly benefits the City is not governed by any budget laws. The agency funds are only used to hold funds in a fiduciary capacity and do not have any expenses or revenues that would be subject to appropriation under the Municipal Budget Act.

The above mentioned funds are not appropriated by the City of Bartlesville and where included in this report are done so in the interest of completeness and for the purpose of further analysis only. The *nonappropriated* funds and component units of the City of Bartlesville are listed below:

#### AGENCY FUNDS:

<u>Utility Deposit Fund</u> – The Utility Deposit Fund is used to account for deposits made by individuals who are using the utility services of the City of Bartlesville. This fund is not included in this budget document.

<u>Municipal Court Bond Fund</u> – The Municipal Court Bond Fund is used to account for municipal court bonds that are held for individuals who are awaiting court dates. This fund is not included in this budget document.

2012-13 Operating Budget Description of Funds (continued)

#### DISCRETELY PRESENTED COMPONENT UNITS:

<u>Bartlesville Development Corporation</u> – The Bartlesville Development Corporation was formed to develop, finance, and promote economic development activities. The City Council appoints three members of the Board of Directors, and the Bartlesville Area Chamber of Commerce appoints three members. These six members then appoint the final three members of the Board. The Bartlesville City Council reviews the Bartlesville Development Corporation's budget and also approves any incentive awards that are given to prospective or expanding businesses. The City funds this program with the ¼ cent sales tax that is dedicated to economic development. This fund is not included in this budget document.

<u>Bartlesville Development Authority</u> – The Bartlesville Development Authority was created to finance certain facilities for the purpose of promoting economic development in the City of Bartlesville and surrounding areas. This fund is not included in this budget document.

#### **BLENDED COMPONENT UNITS:**

<u>Bartlesville Redevelopment Trust Authority</u> – The Bartlesville Redevelopment Trust Authority (formerly known as the Bartlesville Downtown Trust Authority) was originally created to finance, develop, redevelop, restore, and beautify the downtown Bartlesville area. The Board of Trustees consists of six members appointed by the City Council and one City Council member. This fund is blended as a governmental fund for the purposes of the audited financial statements but is not included in this budget document.

<u>Bartlesville History Museum Trust Authority</u> – The Bartlesville History Museum Trust Authority was created to establish, improve, maintain, administer, and operate facilities for use as a history museum. The Board of Trustees consists of nine members, one of whom must be a member of the City Council. Trustees are appointed by the City Council. This fund is blended as a governmental fund for the purposes of the audited financial statements but is not included in this budget document.

2012-13 Operating Budget Description of Funds (continued)

<u>Bartlesville Library Trust Authority</u> – The Bartlesville Library Trust Authority was created to encourage, finance, and promote the Bartlesville Public Library. The City Council appoints all of the members of the Board of Trustees. The assets of the Trust are managed by City employees who furnish library services to the citizens. This fund is blended as a governmental fund for the purposes of the audited financial statements but is not included in this budget document.

<u>Bartlesville Adult Center Trust Authority</u> – The Bartlesville Adult Center Trust Authority was created to encourage, finance, and promote cultural and recreational activities for the older citizens of Bartlesville. The Board of Trustees consists of six members that are appointed by the City Council. This fund is blended as a governmental fund for the purposes of the audited financial statements but is not included in this budget document.

<u>Bartlesville Community Center Trust Authority</u> – The Bartlesville Community Center Trust Authority was created to develop, finance, and operate the Bartlesville Community Center for cultural and recreational activities for the citizens of Bartlesville and surrounding areas. The Board of Trustees consists of eight members that are appointed by the City Council and one City Council member. This fund is blended as a governmental fund for the purposes of the audited financial statements but is not included in this budget document.

<u>Bartlesville Municipal Authority</u> – The Bartlesville Municipal Authority was created originally to finance projects and developments for the City's water and wastewater utilities. The Authority's purpose has recently been expanded to include financing of certain street projects. The formation of this Authority was necessary due to restrictions on a municipality's ability to pledge revenues as collateral for debt. All water and wastewater revenues are originally recorded in this Authority, and the City's water and wastewater utility operating funds are reimbursed for their operating expenses and transfers after all debt obligations have been met. The governing body of the Authority is the same as the City Council. The assets financed by the Authority are managed by the employees of the City. This fund is blended as a proprietary fund for the purposes of the audited financial statements and <u>is</u> included in this budget document in the interest of completeness and to facilitate further analysis of the overall financial condition of the City.

#### 2012-13 Operating Budget Description of Major Revenue Sources

The City of Bartlesville only uses recurring revenue sources to budget for continuing operational services. One time and limited use revenue sources are budgeted strictly for the project or projects for which they will be received. Examples of one time and restricted use revenues are Federal Capital Grants, General Obligation Bond proceeds, other debt proceeds, sale of property, etc. These revenues are budgeted only when their availability is certain and only for the intended use.

Recurring revenues are revenues that the City receives periodically. The amounts are not usually known in advance and some estimation is required for budget purposes. Examples of recurring revenues are sales tax, ad valorem tax, franchise fees, utility revenues, investment revenues, court fees and fines, etc. A listing of the recurring external revenue sources for the fiscal years 2006-07 to 2010-11 is presented below.

<b>REVENUE SOURCE</b>	TOTAL	AVERAGE	AVERAGE %
General Sales Tax	76,358,567	15,271,713	36.6%
Water Fees	41,217,010	8,243,402	19.8%
Wastewater Fees	19,626,180	3,925,236	9.4%
Sanitation Fees	19,368,691	3,873,738	9.3%
Ad Valorem	13,961,070	2,792,214	6.7%
Fees for Services (Other than Utilitie	8,694,271	1,738,854	4.2%
Franchise Fees	8,124,471	1,624,894	3.9%
Investment Earnings	6,099,613	1,219,923	2.9%
Fines & Fees	3,741,291	748,258	1.8%
E-911	2,124,314	424,863	1.0%
Hotel/Motel Tax	1,992,307	398,461	1.0%
Miscellaneous	1,864,591	372,918	0.9%
County Motor Veh Tax	1,241,158	248,232	0.7%
Licenses & Permits	1,227,675	245,535	0.6%
Donations	1,083,959	216,792	0.5%
Cigarette Tax	1,082,364	216,473	0.5%
State Alchohol Tax	448,338	89,668	0.2%
Fuel Tax	314,382	62,876	0.2%
TOTAL	208,570,252	41,714,050	100.0%

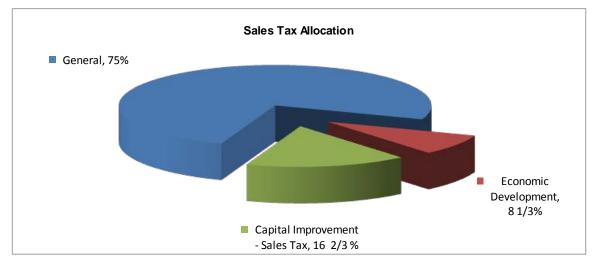

These revenue sources are used in conjunction with the residual fund equities to determine the amount available for operations. The top five revenue sources on average make up 81.8% of the total external recurring revenue used by the City to fund its operations. An analysis of these major sources of recurring revenue is presented in the following sections.

#### 2012-13 Operating Budget Description of Major Revenue Sources (continued)

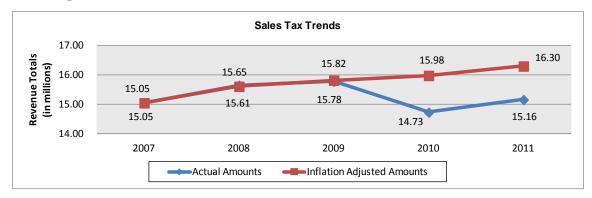

(All amounts in the following sections for the fiscal year 2011-12 consist of actual amounts as of March 31, 2012 projected to June 30, 2012 except for sales tax which consists of actual amounts as of May 31, 2012 projected to June 30, 2012.)

#### SALES TAX

The 3% municipal sales tax has been and continues to be Bartlesville's largest source of recurring revenue, accounting for, on average, 36.6% of the City's recurring external revenues. Sales taxes are divided between the General Fund (75%), Economic Development Fund ( $8\frac{1}{3}$ %), and the Capital Improvements: Sales Tax Fund ( $16\frac{2}{3}$ %).

The City experienced a sharp decline in sales tax during fiscal year 2010. Fortunately fiscal year 2011 began a period of recovery that has lasted through May 2012. Prior to fiscal year 2010, the City had experienced steady growth in this most important revenue source. However, even the periods of growth from before and after the recession have barely kept place with inflation. Once the final data is in for fiscal year 2012, this gap should have closed somewhat, but it will still be many years, if ever, before the City's buying power returns to its prerecession levels.

#### 2012-13 Operating Budget Description of Major Revenue Sources (continued)

The City of Bartlesville uses a historical trend analysis approach adjusted for known factors to estimate its sales tax revenue. The trend analysis approach uses the average percentage increases from year to year, adjusted for known factors, to determine the estimated increase in revenues for the coming budget year. The trend analysis for sales tax is summarized below.

		Percent
<b>Fiscal Year</b>	Amount	Increase
2008	15,646,299	
2009	15,778,877	0.85%
2010	14,725,587	(6.68%)
2011	15,158,193	2.94%
2012	15,840,739	4.50%
Total	77,149,695	1.61%
Average	15,429,939	0.40%

#### Sales Tax Revenue Estimate Trend Analysis Method

The preceding trend analysis accounts solely for historic amounts and disregards current and anticipated economic factors that could significantly influence the amount of sales tax growth. It is the policy of the City of Bartlesville to examine historical trends, but to also weigh heavily the most recent factors. The City's most recent experience with sales tax suggests a pattern of growth and recovery following the recent recession. However, expectations for the next year are tempered by the recent experiences of the fiscal year 2010 recession and the continuing global economic uncertainty.

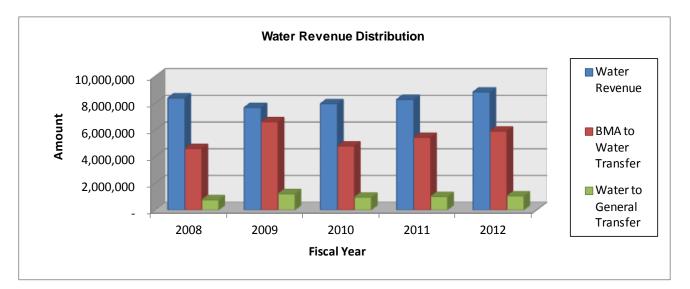

The results for the last 24 months suggest that sales tax receipts may grow at nearly 4% in the coming year, but the analysis above (which includes the decline of fiscal year 2010) indicates growth at only 1.61%. The City feels that greatest weight should be given to recent patterns while considering current circumstances. With these factors in mind, the City is predicting a modest growth scenario for fiscal year 2013 of 2% growth over the expected results for fiscal year 2012.

2012-13 Operating Budget Description of Major Revenue Sources (continued)

Using this scenario, the amount of sales tax revenue to be budgeted for fiscal year 2012-2013 is \$16,157,554. This amount will be available to the following funds based on the percentages previously discussed. The General Fund will receive \$12,118,166, the Capital Improvement – Sales Tax Fund will receive \$2,692,929, and the Economic Development Fund will receive \$1,346,459.

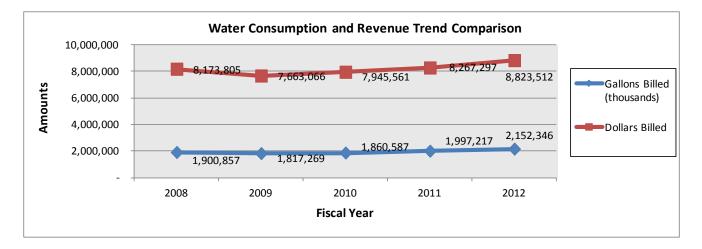

#### WATER UTILITY REVENUES

The revenues received from the City of Bartlesville's water utilities are the City's second largest source of revenue, accounting for, on average, 19.8% of all external recurring revenues. These revenues are pledged to provide debt service on a portion of the Bartlesville Municipal Authority's ("BMA") debt, and are therefore recorded initially in the BMA. This is still an important source of revenue to the City however, since the amount needed to fund the operations of the City's water utility is transferred back to the water utility fund. From there, the revenues are used to fund the operation, maintenance, and improvement of the City's water utility and also to provide operating transfers to the City's General Fund. The relationship between water revenues and operating transfers is shown below in graphic form.

2012-13 Operating Budget Description of Major Revenue Sources (continued)

The City estimates water utility revenues by again using a historical trend analysis approach adjusted for known factors, but the trend analysis is performed on the revenue base rather than the actual revenue itself. This approach is used to eliminate the effect of rate changes and other revenue variables that can skew the trend. The revenue base used to determine the trend for water revenues is water consumption billed.

#### Water Utility Revenue Estimate Trend Analysis Method

		Percent		Percent
	<b>Gallons Billed</b>	Increase		Increase
<b>Fiscal Year</b>	(thousands)	(Decrease)	<b>Dollars Billed</b>	(Decrease)
2008	1,900,857		8,173,805	
2009	1,817,269	(4.40%)	7,663,066	(6.25%)
2010	1,860,587	2.38%	7,945,561	3.69%
2011	1,997,217	7.34%	8,267,297	4.05%
2012	2,152,346	7.77%	8,823,512	6.73%
Total	9,728,276	13.09%	40,873,241	8.22%
Average	1,945,655	3.27%	8,174,648	2.06%

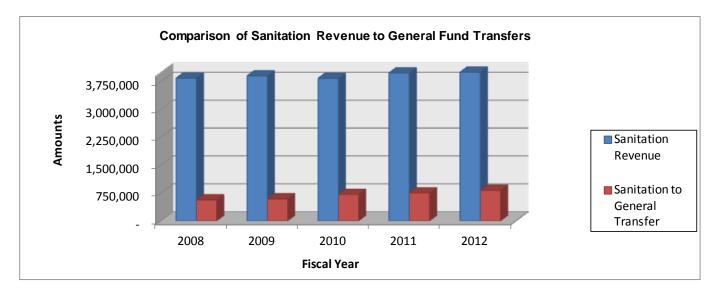

2012-13 Operating Budget Description of Major Revenue Sources (continued)

The City of Bartlesville experienced a combination of events in the fiscal years 2007-08 and 2008-09 that negatively impacted the City's water customers' water usage. The two main factors were significant rain events in both fiscal years, some of which resulted in severe flooding during the City's highest water use periods, and a series of water treatment plant malfunctions that led to voluntary water use restrictions. As such, we consider the results from fiscal year 2007-08 and 2008-09 to be nearly the worst possible scenarios. Conversely, the amounts billed in fiscal year 2011-12 are skewed somewhat by recent drought conditions. Because of these two factors and the uncertain nature of Oklahoma weather, we have elected to utilize a moderated expectation that is not indicated by the trend analysis above. The City instead expects water usage to return closer to the fiscal year 2010-11 levels.

To this end, we utilized 1,990,558,000 gallons as the base. This amount was multiplied by the current rate that will still be in effect as of July 1, 2011. The resulting amount of \$8,200,000 is the estimated water utility revenue for the City of Bartlesville.

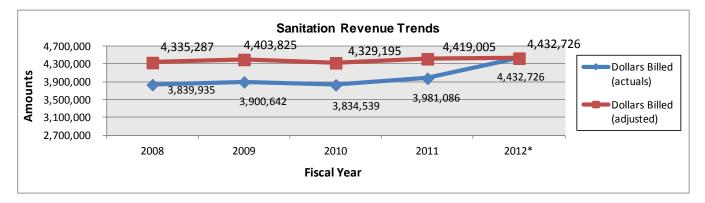

#### SANITATION UTILITY REVENUE

The City of Bartlesville also operates a sanitation utility for the purpose of collecting and disposing of solid waste. The fees derived from the sanitation utility are used to operate, maintain, and improve the sanitation utility and are also used to fund the City's General Fund with operating transfers. This source of revenue accounts for, on average, 9.3% of all external recurring revenues; which makes it the third largest source of revenue for the City.

**CITY OF BARTLESVILLE** 

2012-13 Operating Budget Description of Major Revenue Sources (continued)

#### Sanitation Utility Revenue Estimate Trend Analysis Method

		Percent		Percent
	<b>Dollars Billed</b>	Increase	<b>Dollars Billed</b>	Increase
<b>Fiscal Year</b>	(actuals)	(Decrease)	(adjusted)	(Decrease)
2008	3,839,935		4,335,287	
2009	3,900,642	1.58%	4,403,825	1.58%
2010	3,834,539	(1.69%)	4,329,195	(1.69%)
2011	3,981,086	3.82%	4,419,005	2.07%
2012*	4,432,726	11.34%	4,432,726	0.31%
Total	19,988,928	15.05%	21,920,038	2.27%
Average	3,997,786	3.76%	4,384,008	0.57%

\* The Dollars Billed actuals and adjusted columns are the same for these years, since the rate increase was in effect for the entire fiscal year.

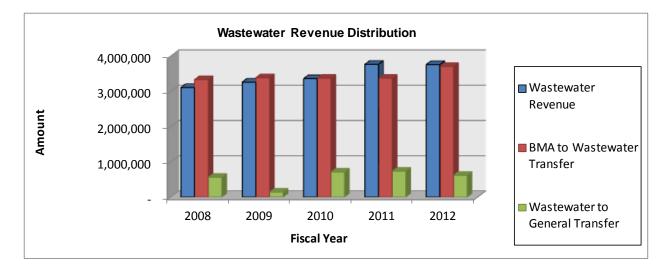

Due to an increase and restructuring of rates for commercial customers, the amounts billed have been adjusted to assume that the rate increases were in effect for the entire five year period. The adjusted column removes the impact of the rate increase and allows for an analysis of the true trend in our sanitation revenues. This adjusted analysis indicates only moderate increases for these years. The resulting average increase of 0.57% has not been applied due to the high/low variations observed in this trend analysis. Instead a more conservative zero growth scenario has been applied to the actual amount received in 2010-11. This results in \$4,432,726 for the 2012-13 fiscal year sanitation revenues.

2012-13 Operating Budget Description of Major Revenue Sources (continued)

#### WASTEWATER UTILITY REVENUES

The revenues received from the City of Bartlesville's wastewater utilities are the City's fourth largest source of revenue, accounting for, on average, 9.4% of all external recurring revenues. Similar to the water utility revenues, these revenues have been pledged to provide debt service on a portion of the Bartlesville Municipal Authority's ("BMA") debt since fiscal year 2003-04, and therefore, during this period, were recorded initially in the BMA.

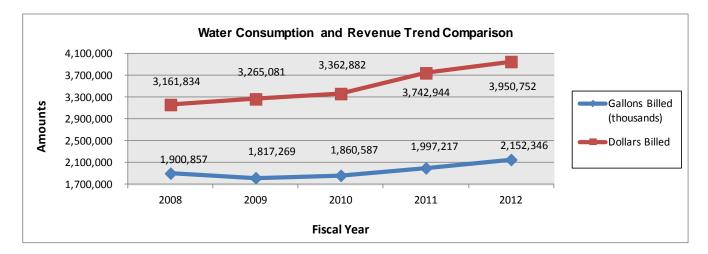

The amounts needed to fund the operations of the City's wastewater utility are transferred back to the City operated wastewater utility fund. From there, the revenues are used to fund the operation, maintenance, and improvement of the City's wastewater utility and also to provide operating transfers to the City's General Fund. The relationship between wastewater revenues and operating transfers is shown below in graphic form.

The City's wastewater utility rates have been changed several times between 2007-08 and 2009-12. The City implemented the first of a series of planned increases effective July 1, 2009 with a 7% rate increase. The second phase of these increases was effective on July 1, 2010 with an estimated 6% rate increase. The City originally planned to increase rates again effective July 1, 2011 but instead elected to await the results of the Wastewater Long Term Capital Plan. With the implementation of this plan the City has elected to increase rates by 5% effective July 1, 2012.

#### 2012-13 Operating Budget Description of Major Revenue Sources (continued)

The City estimates wastewater utility revenues by using the same trend analysis approach and revenue base that it uses to estimate the water utility revenues, since gallons of water consumed is the basis for wastewater and water billings.

#### Sewer Utility Revenue Estimate Trend Analysis Method

		Percent		Percent
	<b>Gallons Billed</b>	Increase		Increase
<b>Fiscal Year</b>	(thousands)	(Decrease)	<b>Dollars Billed</b>	(Decrease)
2008	1,900,857		3,161,834	
2009	1,817,269	(4.40%)	3,265,081	3.27%
2010	1,860,587	2.38%	3,362,882	3.00%
2011	1,997,217	7.34%	3,742,944	11.30%
2012	2,152,346	7.77%	3,950,752	5.55%
Total	9,728,276	13.09%	17,483,493	23.12%
Average	1,945,655	3.27%	3,496,699	5.78%

2012-13 Operating Budget Description of Major Revenue Sources (continued)

As discussed above in the water revenue section, the City of Bartlesville has elected to assume a return to fiscal year 2010-11 water demand levels. The same revenue base of 1,990,558,000 gallons was utilized to calculate the wastewater revenues. After adding the effect of the 5% rate increase, wastewater revenues of \$3,950,752 were calculated as the estimated wastewater utility revenue for the City of Bartlesville in fiscal year 2012-13.

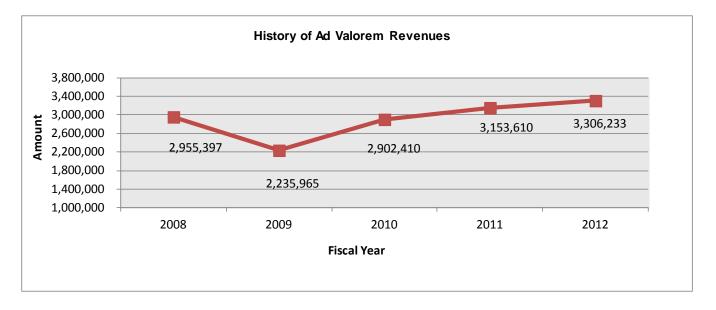

#### AD VALOREM

By law, municipalities in the State of Oklahoma are only allowed to levy ad valorem property taxes for two purposes. The first is to pay general obligation debt service requirements, and the second is to pay court ordered judgments. Due to the restrictive nature of these funds, the process for estimating the ad valorem revenues for the coming budget year is based upon tax levies determined through debt service and judgment calculations. There is no trend analysis necessary, since the required amount of ad valorem taxes will be levied regardless of past trends. There is no legal limit on the amount of ad valorem taxes that can be levied by a municipality for these purposes; however, all general obligation debt must be approved by a vote of the citizens. This requirement and an informal policy by the City Council not to exceed 15 mills helps to control the millage (or amount of the levy) that the City is able to levy and collect.

2012-13 Operating Budget Description of Major Revenue Sources (continued)

As the above graphic illustrates, the City's share of total ad valorem taxes have been a very small portion of total ad valorem taxes for the citizens of the City of Bartlesville. However, even though small by comparison to the total ad valorem, the City's revenues from ad valorem taxes are still its fifth largest source of recurring revenue, accounting for, on average, 6.7% of total external recurring revenue.

The ad valorem tax levy is prepared using an estimate of needs form. The estimate of needs is prepared by estimating all sinking fund related expenses for the upcoming year. The first amount taken into consideration is the principal requirement on the general obligation bonds. This is calculated by taking the amount of the bond issue and dividing it by the term of the bond issue. Additionally, principal amounts are calculated for court ordered judgments. The sum of these two items provides an annualized principal requirement.

The actual amount of interest to be paid during the year for both general obligation debt and judgments is added to the annualized principal requirement. This provides the entire amount of the debt service payments for the year. Adjustments are also made for amounts in excess of liabilities in the fund, financial agent fees, and other revenue sources that are used to meet general obligation debt service requirements. A 5% mandatory over-levy is then added to the total levy requirements. This is the basis for the City's property tax levies. Washington County (the "County") then collects the property tax payments for all of the property within the County and forwards the different taxing agencies' property taxes on to each of them.

#### 2012-13 Operating Budget Description of Major Revenue Sources (continued)

The City takes a simpler approach to estimating its ad valorem revenues for budget purposes than that used for its estimate of needs. As shown below, the City calculates the actual principal and interest requirements for the fiscal budget year, adds the estimated amounts of any court ordered judgments and financial agent fees. The estimated ad valorem revenue for fiscal year 2012-13 is considered to be the actual amount necessary to levy.

	Principal	Interest	Total
Bond Issue/Purpose	Requirement	Requirement	Requirement
2010 Combined Purpose Bonds	710,000	78,213	788,213
2009 Combined Purpose Bonds	330,000	68,212	398,212
2008B Combined Purpose Bonds	220,000	48,765	268,765
2008A Combined Purpose Bonds	440,000	85,940	525,940
2007 Combined Purpose Bonds	500,000	88,000	588,000
2005 Combined Purpose Bonds	500,000	55,500	555,500
Judgement	234,043		234,043
Totals	2,934,043	424,630	3,358,673
	Add: Financial Agent Fees		2,600
	Balance to Levy		3,361,273

Total Personnel	345.86	336.262	335.762	341.915

As explained more fully in the City Manager's Letter earlier in this document, there were 7 additional full time positions added to this budget, some adjustments to part time positions, and a few vacant positions that were not refilled. The end result is a net increase of 5.653 FTEs from FY 2011-12 to FY 2012-13 for a 1.7% increase in total personnel.

# 2012-13 Operating Budget All Funds Capital Expenditures Summary

EXPENDITURES BY FUND & DEPARTMENT	2012-13 BUDGETED CAPITAL EXPENDITURES
Municipal Airport Fund:	
Airport	336,690

### 2012-13 Operating Budget All Funds Capital Expenditures Summary (continued)

The City of Bartlesville defines capital expenditures as an expense that will benefit more than one fiscal year. The City also has a capitalization threshold of \$2,000. Any item that meets the test of benefiting more than one fiscal year and exceeding \$2,000 in amount is considered a capital expenditure. Examples of capital expenditures include roads, vehicles, furniture, buildings, land, etc... Many capital expenditures are insignificant or routine, but there are usually several budgeted capital expenditures in a year that are not. A list of significant and non-routine capital expenditures is included below with a brief description of each.

Fund	Dept	Title	Am	ount	Description
CIP - Sales Tax	General	Operation Yard Engineering and Design	\$	100,000	These funds will be used for engineering and design for the City's new operations center which will house Street, Garage, Building Maintenance, Sanitation, Water, and Wastwater.
CIP - Sales Tax	General	Operation Yard Land Acquisition	\$	175,000	For the purchase of adjacent land (Bellco/APAC land and southern portion of Indian Coating), assessment of adjacent buildings and preparation of a development plan (professional services)
CIP - Sales Tax	Police	Evidence Storage Building	\$	250,000	This project has been on hold for several years pending a decision on the final disposition of the existing Police Station and will once again be carried over. In the event that the City elects to build a police station in another location, these funds will most likely be used in site acquisition, engineering, and design of the new facility.
CIP - Sales Tax	Police	Police Roof Replacement	\$	150,000	This project has been on hold for several years pending a decision on the final disposition of the existing Police Station and will once again be carried over. In the event that the City elects to build a police station in another location, these funds will most likely be used in site acquisition, engineering, and design of the new facility.
CIP - Sales Tax	Storm Sewer	Hillcrest Heights Drainage- Phase 11	\$	150,000	Miscellaneous drainage improvements to the Hillcrest Heights area.
CIP - Sales Tax	Storm Sewer	Willow Hill Detention rehab	\$	500,000	Miscellaneous drainage improvements to the Willow Hill area.
CIP - Sales Tax	Storm Sewer	Wayside Drainage Phase	\$	300,000	Miscellaneous drainage improvements to the Wayside area.
CIP - Sales Tax	Storm Sewer	Interurban Drainage Phase II	\$	500,000	Miscellaneous drainage improvements to the Interurban area.
CIP - Sales Tax	Street	Lights/Landscape Dewey 2nd-4th	\$	625,000	Install new street lights and replace landscaping on Dewey between 2nd and 4th in accordance with downtown masterplan.
CIP - Sales Tax	Street	Light and Landscaping Imprv on 2nd Street	\$	325,000	Install now street lights and replace landscaping on 2nd Street between
CIP - Sales Tax	Street	Johnstone Ave. Rehab 14th-Adams	\$	270,000	Resurface Johnstone Ave between 14th Street and Adams.
CIP - Sales Tax	Street	Kane Hill Realignment	\$	975,000	Realignment of the intersection of Price and Hillcrest.
CIP - Sales Tax	Street	Bison Rd Rehab	\$	450,000	Local match with ODOT to widen Bison Rd between Adams and Tuxedo.

### CITY OF BARTLESVILLE 2012-13 Operating Budget All Funds Capital Expenditures Summary (continued)

Fund	Dept	Title	 Amount	Description
CIP - Sales Tax	Street	Fenway Ave. RehabTuxedo-Ohio	\$ 130,000	
CIP - Sales Tax	Parks	MJ Lee Lake Improvements	\$ 300,000	Improvements to MJ Lee Lake to be utilized to match a grant for the improvement of fishing conditions on the lake.
CIP - Sales Tax	Parks	Pathfinder Improvements	\$ 125,000	Widening, extension, and overlay of pathfinder parkway.
CIP - Sales Tax	Parks	Pathfinder Parkway Trail Connection	\$ 175,000	Extension and connection of pathfinder parkway trails between Washington and Frank Phillips.
CIP - Sales Tax	Wastewater Plant	Chickasaw Wastewater Treatment Plant Renovations	\$ 100,000	This project will remediate mold in the existing facility and provide for renovation to help prevent a reoccurence of these prior problems.
2010 G.O. Bond Fund	Street	Silver Lake Road Extension	\$ 2,200,000	Silver Lake Road will be extended from Frank Phillips north to Tuxedo Boulevard. This extension should further alleviate some traffic congestion on Highway 75 between these two cross streets.
2010 G.O. Bond Fund	Street	Silver Lake Road Extension	\$ 2,200,000	Silver Lake Road will be extended from Frank Phillips north to Tuxedo Boulevard. This extension should further alleviate some traffic congestion on Highway 75 between these two cross streets.
Wastewater Regulatory Fund	CWWTP	Wastewater Treatment facilty design	\$ 1,750,000	This project is for the engineering and design of wastewatertreatment facility.
Capital Reserve Fund	Water Distr	Circle Mountain Water Line	\$ 660,120	Repair and replacement of Circle Mountain Water Lines.
		Total	\$ 12,410,120	

In addition to the capital items listed above, the City recently adopted an ordinance that mandated five year capital plans for the Wastewater, Water, and Sanitation Funds. Also part of this ordinance was the requirement that the City create a Capital Reserve Fund to accumulate the funds necessary to finance the capital needs identified in the five-year plans over time. Listed below are the capital plans by fund and department, the annual required funding necessary to support these plans by fund, and the detailed items included in the capital plans.

Many capital expenditures, both routine and non-routine, have only a one-time cost associated with them. For these types of capital expenditures, planning and analysis is simple. However, there are some capital expenditures that have ongoing costs, benefits, and other implications that complicate long-term planning and require more careful analysis. The current year non-routine capital expenditures that fall into this latter category are explained in more detail below.

2012-13 Operating Budget All Funds Capital Expenditures Summary (continued)

### **Polycart System**

The fully automated polycart system that the City intends to implement over the next 3 to 5 years will involve a significant investment in additional capital assets. The City will need to purchase an additional 8,000 to 10,000 polycarts and approximately six new auto-loading packer trucks. These trucks will also represent higher maintenance and repair expenses due to the complexity of the armature device. These expenditures are expected to be offset by decreased labor costs, lower worker's compensation claims, and a decrease in the total number of packer trucks necessary to collect all of the City's solid waste. The City recently engaged a firm to evaluate our sanitation rate structure and assist in scaling the size of our operations. The result was a series of recommendations that were either implemented in fiscal year 2010-11 or will be implemented during the course of fiscal year 2011-12 involving increasing commercial sanitation rates, restructuring residential rates to fit the new multi-sized cart system, and beginning the purchase of the equipment necessary to complete the transition.

The result of a polycart system implementation will be a decrease in operating costs of \$284,641. This reduction is offset to some degree by a higher capital replacement amount. The City will need to set aside an estimated \$178,649 more in capital replacement funds under the new system when compared to our current collection system. However, this should still result in an annual savings of more than \$100,000.

The correction of commercial rates so that they will fully recover the cost of their service, combined with the implementation of the new system, will allow the City to offer slight rate reductions to all residential sanitation customers. The new rate system will also be tiered, so that customers choosing a smaller cart will receive an even greater rate reduction. The combination of these events will bring a high degree of parity and accountability to the rate levels being charged for each type of account in addition to the annual savings.

#### Automated Meter Intelligence (AMI) System

The automated meter intelligence system that the City will implement in the next 24 months will involve a significant investment in capital and technology including the replacement of all of approximately 15,250 water meters, the installation of either a "mesh" or "fixed base" data collection system, and the installation of the software systems that will control the system, manage the data, interface with the existing billing system, and provide a customer interface.

### 2012-13 Operating Budget All Funds Capital Expenditures Summary (continued)

The AMI system has many benefits including hourly read data for all meters, increased customer service, and reduced costs for manpower, vehicles, and fuel due to the automation of the system. Once this system is completely implemented, the City will no longer have a need for our meter reader positions. The individuals employed in these positions will be transferred to value added positions in the Water Department or absorbed into other vacancies throughout the City. In addition to the cost savings, the installation of all new water meters should provide significantly greater accuracy in our meter readings which will reduce costly water loss. The anticipated annual savings and costs associated with this system are summarized in the chart below:

#### AMI ANNUAL SAVINGS (COSTS)

Staff reduction related to meter reader positions	\$ 165,000
Manpower reduction related to rereads and meter service calls	98,469
Vehicle maintenance and fuel savings (meter readers)	18,700
Vehicle maintenance and fuel savings (meter service calls)	24,255
Water plant energy savings associated with reduced water loss	60,944
Increased revenue associated with more accurate meters	827,000
Additional licensing costs associated with software system	 (50,000)
Total savings	\$ 1,144,368

### 2012-13 Operating Budget Debt Service Calculations and Information

The City of Bartlesville and its component unit, the Bartlesville Municipal Authority (BMA), will have fourteen debt issues outstanding as of July 1, 2011. They are comprised of the following:

#### GENERAL OBLIGATION BONDS

General obligation bonds are considered to be a liability of the City of Bartlesville. These bond issues are to be repaid through property taxes levied on an annual basis and other revenues that the City decides to designate for this purpose. The City currently has six bond issues. These bonds are described below.

#### 2001 Combined Purpose Bonds - \$3,000,000

The 2001 bonds are due in annual installments of \$330,000 with a final payment of \$360,000 due on November 1, 2011. The bonds pay semi-annual interest at rates varying from 3.10% to 4.95%.

#### 2002 Combined Purpose Bonds - \$3,500,000

The 2002 bonds are due in annual installments of \$385,000 with a final payment of \$420,000 due on February 1, 2012. The bonds pay semi-annual interest at rates varying from 3.25% to 4.30%.

#### 2005 Combined Purpose Bonds - \$4,500,000

The 2005 bonds are due in annual installments of \$500,000 with a final payment due on May 1, 2015. The bonds pay semi-annual interest at rates varying from 3.05% to 3.90%.

#### 2007 Combined Purpose Bonds - \$4,500,000

The 2007 bonds are due in annual installments of \$500,000 with a final payment due on April 1, 2017. The bonds pay semi-annual interest at rates varying from 3.40% to 4.75%.

#### 2008A Combined Purpose Bonds - \$4,000,000

The 2008A bonds are due in annual installments of \$440,000 with a final payment of \$480,000 due on June 1, 2018. The bonds pay semi-annual interest at rates varying from 2.70% to 4.75%.

2012-13 Operating Budget Debt Service Calculations and Information (continued)

#### 2008B Combined Purpose Bonds - \$2,000,000

The 2008B bonds are due in annual installments of \$220,000 with a final payment of \$240,000 due on June 1, 2018. The bonds pay semi-annual interest at rates varying from 2.70% to 5.70%.

### 2009 Combined Purpose Bonds - \$3,000,000

The 2009 bonds are due in annual installments of \$330,000 with a final payment of \$360,000 due on December 1, 2019. The bonds pay semi-annual interest at rates varying from 2.00% to 4.90%.

### 2010 Combined Purpose Bonds - \$5,000,000

The 2010 bonds are due in annual installments of \$710,000 with a final payment of \$740,000 due on Dec 1, 2018. The bonds pay semi-annual interest at rates varying from .75% to 2.15%.

The City of Bartlesville has no legal limit on the amount of general obligation debt that it can issue. The City of Bartlesville also has no formal debt policy relating to general obligation debt. However, the Council has an informal policy of keeping the property tax levy necessary to pay the debt services on these debts to a 15 mill maximum. All general obligation debt must also be approved by a vote of the people. All of the debt obligations listed above are payable from the City's Debt Service Fund. The debt service requirements for this fund are detailed below:

	General Obligation Bonds Debt Service Requirements									
<b>Fiscal Year</b>	Principal	Interest	Total							
2013	2,700,000	424,630	3,124,630							
2014	2,700,000	353,073	3,053,073							
2015	2,700,000	277,530	2,977,530							
2016	2,200,000	200,903	2,400,903							
2017	2,200,000	141,828	2,341,828							
2018	1,740,000	78,983	1,818,983							
2019	1,310,000	29,311	1,339,311							
2020	36,000	5,850	41,850							
Grand Total	15,586,000	1,512,108	17,098,108							

### 2012-13 Operating Budget Debt Service Calculations and Information (continued)

#### REVENUE BONDS

The outstanding revenue bonds of the City are all actually liabilities of the Bartlesville Municipal Authority. These obligations are not obligations of the City of Bartlesville, but they are presented here due to the interwoven relationship of the City and the BMA. The debt service on these obligations affects the amount of resources available to support the City's utility operating funds, and an analysis of these obligations are therefore necessary in order to determine the overall resources available to the City of Bartlesville in any given fiscal year. Revenue bonds are debt that is secured by revenues of the BMA or an annual pledge of sales tax from the City to the BMA. These revenue sources include wastewater utility revenues, water utility revenues, and sales tax pledged to support the BMA debt service. These bonds were issued for wastewater and water utility and street system improvements.

#### Drinking Water SRF Series 2002A - \$743,591

The 2002A revenue bonds were used to refinance an interim construction loan on November 19, 2002. Principal payments of \$19,066 are due semiannually starting on March 15, 2003. The bonds pay a semi-annual administrative fee of 0.5% but otherwise, no interest is payable.

#### Drinking Water SRF Series 2004A - \$726,006

The 2004A revenue bonds were used to refinance an interim construction loan on March 31, 2004. Principal payments of \$18,150 are due semiannually starting on September 15, 2004. The bonds pay a semi-annual administrative fee of 0.5% but otherwise, no interest is payable.

#### Clean Water SRF Series 2004C - \$552,498

The 2004C revenue bonds were used to refinance an interim construction loan on March 31, 2004. Principal payments of \$13,812 are due semiannually starting on September 15, 2004. The bonds pay a semi-annual administrative fee of 0.5% but otherwise, no interest is payable.

2012-13 Operating Budget Debt Service Calculations and Information (continued)

#### Drinking Water SRF Series 2008 - \$40,445,000

The 2008 revenue bonds were used to refinance the 2004E water plant loan to extend its payback period. Principal payments ranging between \$20,000 and \$1,170,000 are due semiannually starting September 15, 2008. The bonds have an interest rate of 3.91%.

#### Sales Tax Revenue Bond Series 2005 - \$3,030,000

The 2005 sales tax revenue bonds were used to refinance three other construction loans that had higher interest rates. Principal payments ranging between \$130,000 and \$175,000 are due semiannually starting on October 1, 2005. The bonds carry an interest rate of 3.8%.

### Drinking Water SRF Series 2009 - \$5,330,688

The 2009 revenue bonds are currently being used to fund various water system improvements that were completed in the Spring of 2011. The note calls for interest and principal payments of \$186,860.10 due semiannually starting March 15, 2011. The bonds have an interest rate of 3.28%. This notes original principle balance for this note was \$7,513,936. The City was awarded \$2,000,000 in debt forgiveness through an ARRA program. That coupled with principle payments on the interim construction note brought the principle amount to the \$5,330.688.

The City of Bartlesville and the Bartlesville Municipal Authority have no legal limit on the amount of debt that they can issue. The City of Bartlesville and the Bartlesville Municipal Authority also have no formal debt policies. All general obligation debt must be approved by a vote of the people. All of the debt obligations listed above are payable from the Bartlesville Municipal Authority. The debt service requirements for this entity are detailed below:

### 2012-13 Operating Budget Estimated Change in Fund Equity – All Funds

The City uses the term "fund balance" to represent the net beginning balance of resources and obligations available to be budgeted. The resources and obligations that the fund balance represents differ in each fund, but all of them are derived from the City's budgetary basis of accounting. Using the definition of the City's budget basis of accounting that was supplied earlier, fund balance could be comprised of cash, investments, inventory, trade accounts receivable, and accounts payable. An example of the General Fund's fund balance as of July 1, 2010 is provided below.

### General Fund Budgetary Fund Balance Calculation As of July 1, 2011

Account Title	Balance
Cash and Investments	3,019,420
Petty Cash	2,775
Inventory	49,009
Accounts Receivable	37,340
Total Assets	3,108,544
Cleet Payable	(8,383)
Other Payables	(5,470)
Deferred Revenue	(10,451)
Deposit Payable	(1,866)
Reserved for Encumbrances	(309,940)
Total Liabilities	(336,110)
Total Budgetary Fund Balance	2,772,434

By nature, certain components of fund balance are restricted as to use. However, if the restricted assets and liabilities that the fund balance represents are used to fund the City's operating budget, then these amounts will be included in fund balance as well. An example of this is the restricted donations fund. This entire fund is restricted as to use, but the expenditures for the restricted donations 2012-13 Operating Budget are funded from these restricted assets. These assets net of any related liabilities are then included in the fund balance amount for this reason.

#### Significant Increases or Decreases

Almost all of the funds represented above are not anticipated to have significant increases or decreases in fund balance although many appear to anticipate significant decreases. This is because the above analysis assumes that the entire appropriation for a fund will be spent. This presents a worst case scenario, but actual experience indicates that there will be a portion of the appropriation unencumbered and unspent at the end of the fiscal year.

Therefore, for funds such as most special revenue funds, capital improvement funds, internal service funds, and fiduciary funds that budget their entire available balance even if there is no intent to spend the entire balance, there appears to be a significant anticipated decrease in fund balance, but as was stated above, this would only be true if there was a need for a specific project or emergency that required the entire expenditure of these funds.

2012-13 Operating Budget Estimated Change in Fund Equity – All Funds (continued)

The only funds with large anticipated variances in fund balance are the Sanitation Operating Fund, the BMA – Wastewater Fund, and the BMA – Water Fund. The Sanitation Operating Fund's decrease is related to several large, one-time expenditures planned for this fiscal year that are related to the implantation of the automated poly-cart system that was explained earlier in this section. These expenditures will be funded through transfers to the Capital Reserve Fund. The BMA – Wastewater and BMA – Water Funds both have a substantial planned use of fund balance in this fiscal year. The BMA – Wastewater Fund will require further phased rate increases as described in the Revenues section of this budget and will continue to run at a loss as these increases are phased in. Additionally, this fund will support several large capital purchases in this year through transfers to the Capital Reserve Fund. The BMA – Water Fund is scheduled to support several large capital purchases in this year through transfers to the Capital Reserve Fund.

In addition to the above described uses of fund balance, the City has also implemented a new reserve policy in accordance with a recently adopted ordinance that impacts fund balance in the General, Water, Wastewater, Sanitation, BMA – Wastewater, and Water Funds. This new policy actually reduces fund balance in these funds, since these amounts are now transferred to a Stabilization Reserve Fund which will hold the balances for use in certain prescribed situations. While this contributes to the appearance of a reduction in fund balance for these funds, the amounts contained in the Stabilization Reserve Fund should be included when considering the overall financial health of these funds.

#### 2012-13 Operating Budget General Fund – Engineering – Summary

- Department Mission: To maintain infrastructure records of the City. To provide engineering support including planning, project design, management, land survey, construction inspection, and geographic information services to all departments. To assist with short and long term capital improvement planning and implementation.
- Department Description: The Engineering department prepares plans for and performs construction inspection services for public improvements. It is also responsible for traffic engineering services, capital improvements, storm water management, including compliance with NPDES Phase II requirements, right of way and easement closings, and the preparation, update, and maintenance of all city-related maps and associated records, including the in-house geographic information system (GIS) and public access to the GIS system through the City's web.

# 2012 Accomplishments: • Performed detailed designs and project management for 10 capital improvement and planning projects

- Maintained GIS website information which averages approximately 14,000 hits per month
- Managed floodplain development and drainage complaints. Received 6 permit requests for development and investigated 8 drainage complaints
- Managed the right of way and easement closing program. Currently 10 requests have been received and brought before City Council for consideration
- Conducted 3 traffic studies for calming devices, stop signs or parking restrictions
- Had 83% of the ½ cent projects (non-equipment or evergreen type) approved for the FY 2011-2012 designed, out for bids/under construction or completed

## 2012-13 Operating Budget General Fund – Engineering – Summary (continued)

2013 Objectives:	projec manag • Have 2 projec	<ul> <li>Continue to support other departments and infrastructure projects with engineering design, surveys and project management</li> <li>Have 80% of the current capital improvement and bond projects out for bids or under construction within the fiscal year they are approved</li> </ul>				
Budget Highlights:	The major budgeted expenditures for the Engineering department are personnel costs and professional consulting services.

# 2012-13 Operating Budget General Fund – Library – Summary

Department Mission:	To promote the joy of reading and promote democracy through the free exchange of ideas. To provide accurate and timely information that is responsive to the community needs and to practice operational excellence in a responsive manner. This is accomplished through the provision of customer-centered service, quality programs for all ages, and up-to-date technology.
Department Description:	The Bartlesville Public Library furnishes free access to reading materials and the internet for all ages. The library also maintains several meeting rooms to be used by community organizations.
2012 Accomplishments:	<ul> <li>The Library successfully launched the downloadable books service through the Overdrive subscription service. Classes were presented to teach individuals how to use their E-Readers, Kindles, and Nooks as well as downloading books. A total of 300 people attended the classes</li> <li>The change out of all lights was completed in April 2012</li> <li>Additional Book Discussion Kits were added to the collection. A total of 21 kits can now be checked out by area book clubs</li> <li>Programs were held throughout the year for both children and adults. Some of those include: Cherokee Genealogy, Flyfishing, Model Trains, several author programs, and the annual Halloween Spooktacular for kids. Over 500 people attended these programs</li> <li>A total of 35 people are now registered with the Books @ Home Program</li> <li>Computer classes were held every Tuesday in spring to teach individuals how to use the new Windows 7 program. An average of 20 people attended each class</li> <li>Five part-time staff were accepted into the Institute of Public Librarianship and are attending certification classes</li> </ul>

# 2012-13 Operating Budget Economic Development Fund – Summary

Fund Mission:	To stimulate local economic development through the use o incentives and dissemination of favorable information about the local economy and culture.					
Fund Description:	The Economic Development Fund was established in 1986 whe the City determined that a sustained effort was necessary stimulate and grow the local economy in light of many ups ar downs related to the City's dependence upon the oil and gr industry. It is funded by a <sup>1</sup> / <sub>4</sub> % sales tax and a 2% Hotel Tax.					
2012 Accomplishments:	<ul> <li>Logan and Company (recruited by BDC in 2011) acquired additional 30,000 sqft building in the Bartlesville Industrial Park, adding 20 employees, bringing total local employment to 30</li> <li>BDC Recruited oilfield services firm Bachman Services to the Bartlesville Industrial Park. Plans call for the construction of a new 7,200 sqft distribution center with three employees</li> <li>Conducted 23 onsite visits with existing industries identifying three potential expansions</li> <li>Participated in prospecting trips to Dallas, New York, Chicago and Germany</li> <li>BDC responded to seven detailed requests for information, brought two incentive proposals approved by the city council</li> <li>The CVB recorded 24 group tour and convention bookings in 2012, an increase of 25% over 2012</li> <li>CVB launched new logo and website</li> </ul>					

# 2012-13 Operating Budget Economic Development Fund – Summary (continued)

2013 Objectives:	• Secure 50+ primary jobs through recruitment, and/or local expansions						
	<ul> <li>expansions</li> <li>Facilitate two industrial construction projects in the Bartlesville Industrial Park</li> <li>Finalize land acquisition and engineering for new access road for Sunset Industrial Park</li> <li>Partner with Rogers State University on an Economic Gardening program to facilitate business expansion</li> <li>Continue to enhance CVB group tour database and develop and expand program</li> <li>Develop small market meetings strategy to draw more small business conferences and conventions</li> </ul>						
Budget Highlights:	The major budgeted expenditure in this fund is for the City's economic development contract with the Bartlesville Development Corporation (BDC). Other amounts in this fund are available to the BDC for various economic projects with Council approval. <b>FUND 203 ECONOMIC DEVELOPMENT DEPT 538 ECONOMIC DEVELOPMENT</b>

# 2012-13 Operating Budget E-911 Fund – Summary

Fund Mission:	To offer an enhanced E-911 service to the City of Bartlesville and surrounding areas providing dispatch assistance and coordination to all public safety entities in the area.				
Fund Description:	The E-911 Fund is financed by the levy of a monthly 5% fee on the telephone customers within Bartlesville and Dewey and the Bartlesville and Dewey exchanges in Osage County and a monthly 5% fee on other Washington County telephone customers. The Bartlesville Police Department is the agency which operates the E-911 Dispatch Center for these jurisdictions.				
2012 Accomplishments:	<ul> <li>Made transition into new dispatch facility</li> <li>Upgraded to new 911 Patriot phone system and added Vela mapping giving the ability to map wireless calls</li> <li>Updated Radios, antenna, and 160' tower</li> <li>Oversee all dispatching for law enforcement in Washington County</li> <li>Upgraded to a new internet based OLET's teletype</li> </ul>				
2013 Objectives:	<ul> <li>To add additional dispatchers to increase minimum personnel</li> <li>Improve communication by adding additional radio repeaters to the east side of Bartlesville</li> <li>Install monitoring system to allow dispatch to view all city wide IP cameras</li> <li>Form a Dispatch communication committee</li> </ul>				
Budget Highlights:	The transfer from the General Fund is to assist in paying E-911 dispatching costs. Dispatching was funded in full by the General Fund until the 911 system was installed. Costs of the 911 system are approximately twice the revenue generated by a 5% levy on phone services. This is due in part because no system of assessing cell phones has been implemented. Cell phones are eroding landline based phone systems and thus the revenue generated from them. Major expenditures include personnel costs, utilities, and a transfer to establish the City's self insured health fund.

### 2012-13 Operating Budget Special Library Fund – Summary

Fund Mission:	To provide support to the Bartlesville Public Library for items that are beyond the ability of the Library's operating budget to purchase.				
Fund Description:	This fund was established to provide additional support for the operation of the Bartlesville Public Library. Grant money from the Oklahoma Dept of Libraries, funding from the Bartlesville Library Trust Authority, and donations are the principal revenues of the Special Library Fund.				
2012 Accomplishments:	<ul> <li>The Bartlesville Library Trust Authority allocated a total of \$57,976 for the purchase of materials-an increase of approximately 8%</li> <li>The Oklahoma Department of Libraries Literacy Grant provided funding for a Literacy Assistant position to help with the growing program</li> <li>New ESL (English as Second Language) materials were purchased. ESL Classes and Conversation Classes are held weekly with 20 participants</li> <li>The annual Summer Reading Program, Battle of the Books, and the Lego's contest were funded by the Friends of the Library. Approximately 1,000 youth participated in these three program events</li> <li>With grants received from the Oklahoma Department of Libraries, the Library received 8 new laptops and Literacy Services received 10</li> <li>The Library received 5 Netbooks from the Oklahoma Department of Libraries, patrons can check one out for 1 week</li> <li>Through a grant from ConocoPhillips, the Library established an account with "Library Thing for Libraries". This allows patrons to search the library, place holds, renew books, and see upcoming events</li> </ul>				

### 2012-13 Operating Budget Special Library Fund – Summary (continued)

# 2012-13 Operating Budget Special Museum Fund – Summary

Fund Mission:	To provide support to the Bartlesville Area History Museum items that are beyond the ability of the Museum's operate budget to purchase						
Fund Description:	This fund was established to provide additional support for the operation of the Bartlesville History Museum. Money from the Bartlesville History Museum Trust Authority and donations are the principal revenues of the Special Museum Fund.						
2012 Accomplishments:	<ul> <li>Money allotted by the Bartlesville Area Museum Trust Authority extended the employment of the Museum Photo Archivist</li> <li>Approximately 7,283 objects, photos, and archive materials were cataloged during a nine month period</li> <li>The Osage Renovation Project was completed in February 2012</li> <li>The Museum's four billboards were rotated quarterly with historical photos of Bartlesville</li> <li>City Maintenance Employees built a custom display case for the "Jody Doll"-an acquisition from the Lacemakers Guild</li> <li>A new "Visitors Video" was created by Pioneer Productions and can be viewed on a large screen monitor in the Museum. The monitor was funded by the Friends of the Museum</li> <li>Special events and class tours were held with approximately 572 students attending.</li> <li>Five exhibits were created: two of which were displayed throughout the year</li> </ul>						

# 2012-13 Operating Budget Special Museum Fund – Summary (continued)

2013 Objectives:	<ul> <li>Increase programs and school tours by 10% by end of fiscal year.</li> <li>Create two major exhibits during fiscal year 2013.</li> <li>Continue to digitalize the Griggs Photo Collection.</li> <li>Continue to increase awareness of the History Museum through advertising and billboards.</li> <li>Begin the Cherokee and Delaware Exhibits repair/renovation project by end of fiscal year</li> </ul>					
Budget Highlights:	The major budgeted expenditures in this fund are for general supplies and replacement equipment.

#### 2012-13 Operating Budget Golf Course Memorial Fund – Summary

Fund Mission:	To receive donations and other golf revenues that are restricted for the purpose of golf course improvements and to account for the expenditure of such funds.		
Fund Description:	The Golf Course Memorial fund was established when members of the Adams Golf Club requested it so that gifts could be made to the Golf Course for purposes of improving it. They wanted to assure that the intended improvements were made and that the money would not be used for everyday operations.		
2012 Accomplishments:	<ul> <li>Had a golf tournament and raised \$11,300 for improvements</li> <li>Received grants from Conoco Phillips for \$10,000 and Lyon foundation for \$110,000</li> <li>Raised additional funds from donations and green fees</li> <li>Installed new scoreboard, deck, and outdoor cooking facility</li> </ul>		
2013 Objectives:	<ul> <li>To remodel clubhouse inside</li> <li>To enclose the existing covered patio to make a new indoor meeting room and lounge</li> <li>To hold another fund raiser and member appreciation day</li> </ul>		
Budget Highlights:

#### 2012-13 Operating Budget JAG Fund – Summary

Fund Mission:	-	To provide for the receipt of LLEBG and JAG grant funds and to account for the expenditure of such funds.						
Fund Description:	receipt an the Local was disco anticipate near futur	The JAG Fund was established originally to account for the receipt and disbursement of Police grant funds associated with the Local Law Enforcement Block Grant (LLEBG). The LLEBG was discontinued and replaced by the Police JAG grant. It is anticipated that the JAG grant will also be discontinued in the near future. After the final JAG funds have been received and spent, this fund will be closed.

### 2012-13 Operating Budget Memorial Stadium Operating Fund – Summary

Fund Mission:	To operate, improve, and maintain the Doenges Memorial Stadium in order to create a unique experience for athletes and spectators alike.
Fund Description:	The Stadium Operating Fund was established in 1999 to receive the proceeds of stadium rentals which were approved by the City Council and the Stadium Operating Committee. The proceeds from these sources, along with a general fund subsidy, are used exclusively for the operation, improvement, and maintenance of the Doenges Memorial Stadium.
2012 Accomplishments:	<ul> <li>Provided home field for American Legion Baseball program</li> <li>Provided home field for Bruin Baseball program</li> </ul>
2013 Objectives:	<ul> <li>Continue to provide excellent field maintenance for users</li> <li>Continue to research other possibilities to bring more people and revenue to the stadium</li> <li>Continue to work with the Stadium Operating Committee to make various improvements to the stadium</li> </ul>
Budget Highlights:	The major budgeted expenditures for this fund are personnel costs, utilities, maintenance and repair services, and various stadium improvements and upgrades.

2012-13 Operating Budget Debt Service Fund – Revenue Graphs

2012-13 Operating Budget Debt Service Fund – Summary

Fund Mission:	N/A
Fund Description:	The Debt Service Fund was established in accordance with State law to satisfy the requirement that all ad valorem property taxes levied for the purposes of meeting debt service requirements on general obligation debt and paying court ordered judgments be deposited into a sinking fund.
2012 Accomplishments:	N/A
2013 Objectives:	N/A
Budget Highlights:	This fund pays for the debt service principal and interest requirements on all outstanding general obligation debt, court ordered judgments, and administrative fees. The only sources of revenue in this fund are ad valorem taxes and a transfer from the Bond Financing Fund to help hold property tax levels below 15 mills.

## 2012-13 Operating Budget CIP Wastewater Regulatory Fund – Summary

Fund Mission:	N/A
Fund Description:	The CIP Wastewater Regulatory Fund was established for purpose of capturing the wastewater capital investment fee. These funds are restricted for use in complying with ODEQ/EPA mandates, consent orders, decrees, and other standards in the City's wastewater infrastructure.
2012 Accomplishmen	• Completed construction of the Wastewater Collection System Improvements- Phase II
2013 Objectives:	<ul> <li>Complete update to the collection system hydraulic study</li> <li>Secure site for new secondary wastewater treatment plant</li> </ul>
Budget Highlights:	The major expenditures in this fund are capital improvements, including planning and engineering related costs, for capital improvements to City owned wastewater facilities. In fiscal year 2011-12 this fund will receive a \$500,000 loan from the BMA – Water Fund. In accordance with the City's budget basis of accounting, this transaction will be shown as a transfer in (revenue) at the time of receipt but will be converted to a loan when the City adjusts it basis of accounting to GAAP basis for annual year end reporting and auditing purposes. This loan will be repaid over a two year period starting in fiscal year 2012-13 and bearing interest at a rate of 2% per annum. <b>FUND 454 CIP - WASTEWATER REGULATORY</b>

### 2012-13 Operating Budget Wastewater Operating Fund – Wastewater Treatment Plant – Summary

Department Mission:	To protect the health and quality of living of the citizens of Bartlesville through sanitary collection and treatment of wastewater.				
Department Description:	The Chickasaw Wastewater Treatment Plant and 20 Sewage Lift Stations in the collection system are operated by a private contract with Veolia Water, Inc. The plant treats residential and industrial wastewater from the community. As required by the Oklahoma Pollution Discharge Elimination System (OPDES) Permit, waste sludge from the treatment process is disposed of through injection on agricultural land for beneficial use. Plant personnel also administer the Industrial Pre-treatment Program for the City.				
2012 Accomplishments:	<ul> <li>Hauled 4,885,000 gallons of Biosolids for land application</li> <li>Completed 5,781 Preventative and Corrective Maintenance Work Orders</li> <li>Refurbished Grit Chamber with new auger and trough components</li> <li>Wastewater Plant treated 2.7 Billion gallons of wastewater</li> <li>Completed inspections of 4 Significant Industrial Users permitted in the Industrial Wastewater Treatment Program</li> </ul>				
2013 Objectives:	<ul> <li>Maintain 100% environmental compliance for plant operation</li> <li>Recondition Tuxedo, Shawnee, and Raw Water Pump Station Auger Monster Grinders</li> <li>Renovate #3 Rectangular Final Clarifier Floating Siphons</li> <li>Land application program of Biosolids for beneficial reuse</li> <li>Complete cleaning and testing of main plant electrical switch gear</li> <li>Replace Tuxedo Process Pump suction &amp; discharge valves</li> </ul>				
Budget Highlights:	The major expenditures in this department are the contract with Veolia Water, Inc. and replacement structures and equipment.

### 2012-13 Operating Budget Wastewater Operating Fund – Wastewater Maintenance – Summary

Department Mission:	To maintain the sanitary sewer system in a condition that prevents potentially harmful failures, and to perform emergency repairs in the event of such failures.				
Department Description:	The Wastewater Maintenance Department is responsible for maintenance of the sanitary sewer system, including force mains and collector lines. A majority of its work is preventative maintenance to remove tree roots, accumulations of grease and other materials in the system that cause sewer line blockages and sewer backups. Crews can also perform repairs to the lines when necessary.				
2012 Accomplishments:	<ul> <li>Responded to 341 sewer backups</li> <li>Jet cleaned 568,612 feet of sanitary sewer main</li> <li>Completed Video Inspection of 21,525 feet of sanitary sewer line</li> <li>Raised or repaired 54 manholes</li> <li>Completed 40 main line point repairs replacing 405 feet of sanitary sewer line</li> <li>Installed a pump station and force main for the new Robinwood Park bathroom</li> <li>Capped 12 sewer lines for dilapidated structures</li> </ul>				
2013 Objectives:	<ul> <li>Continue the Routine Main Line Cleaning Program</li> <li>Complete the replacement of approximately 1,600 of 15" sewer line on the Harvard Trunk</li> <li>Utilize the video inspection system to identify both private side and public defects for correction</li> <li>Continue the root control and chemical grout sealing programs</li> <li>Identify leaking manholes and seal for reduction of Inflow and infiltration</li> </ul>

# 2012-13 Operating Budget Water Operating Fund – Water Plant – Summary

Department Mission:	To provide safe drinking water to the citizens of Bartlesville that complies with all applicable standards. To provide maintenance and repair to the water plant, pump stations, and water storage tanks to maintain appropriate water pressures throughout the system.
Department Description:	The Water Treatment Plant is responsible for the supply and treatment of water delivered to the customers of the City of Bartlesville. This includes maintaining water quality to comply with Federal and State standards, performing various analyses on the raw water to determine the best treatment methods, monitoring the treatment process, and delivery of treated water into the distribution system. Operation of the pump stations and water storage tanks to maintain adequate pressure in the distribution system is also a responsibility of the Water Treatment Plant.
2012 Accomplishments:	<ul> <li>Installed new Variable Frequency Drive at Toalson Pump Station</li> <li>Installed heaters at Circle Mountain and Radar #2 Pump Stations</li> <li>Finalized upgrade of Wash Water and Residuals polymer feed pumps</li> <li>Installed new booster pump at Circle Mountain Pump Station</li> <li>Upgraded our Plant SCADA System</li> <li>Installed new crane and hoist in process area</li> <li>Updated Risk Management Plan as required by EPA regulations</li> </ul>
2013 Objectives:	<ul> <li>Maintain compliance with all US EPA &amp; ODEQ Regulations</li> <li>Install new Altitude Valve at Toalson Pump Station</li> <li>Cleaning of plant filters</li> <li>Install mixing systems in 5 water storage tanks</li> <li>Begin Stage 2 Disinfection By Product Sampling</li> </ul>

#### 2012-13 Operating Budget Water Operating Fund – Water Plant – Summary (continued)

Budget Highlights: The major expenditures in this department are personnel costs, utilities to operate the water plant and pumping stations, and the chemicals necessary to treat the raw water. During the 2011 calendar year the plant treated 2,452,395,000 gallons of water for use by our customers.

# 2012-13 Operating Budget Sanitation Operating Fund – Sanitation – Summary

Department Mission:	To provide solid waste removal and disposal services to all citizens of Bartlesville and to provide for litter removal and street sweeping for all major streets and right-of way.					
Department Description:	The Sanitation Department is responsible for collection and disposal for all solid waste generated within the City except for a small number of commercial customers serviced by private companies. The Department currently collects residential solid waste twice weekly and commercial solid waste from two to six times weekly, depending upon individual needs and the level of service desired. The Department also collects litter from the rights-of-way of major streets and residential and commercial alleys and is also responsible for street sweeping.					
2012 Accomplishments:	<ul> <li>Continued to move towards implementation of an automated residential refuse collection program</li> <li>Purchased a new roll-off truck</li> <li>Drafted new city ordinances for council approval</li> <li>Sent out bids for automated refuse trucks</li> <li>Continued to make steps to improve public perception of the department</li> <li>Provided a fall clean-up program for the citizens of Bartlesville</li> </ul>					
2013 Objectives:	<ul> <li>Approval of new Solid Waste Ordinances</li> <li>Purchase automated refuse trucks</li> <li>Purchase additional polycarts for automated collection</li> <li>Continue to move towards implementation of an automated refuse collection program</li> <li>Continue to make steps to improve public perception of the department</li> </ul>

# 2012-13 Operating Budget Adams Municipal Golf Course Fund – Golf Course – Summary

Department Mission:	To provide a top quality public golf course at competitive rates with all of the features and benefits of a full-service golf facility.					
Department Description:	The Adams Municipal Golf Course is a full-service golf facility featuring an eighteen-hole course, driving range, pro shop, and cart rentals. The facility has a maintenance staff and a professional golf staff. Golf lessons and clinics are available to the public. This facility is operated by the City with the advice of the Adams Golf Course Operating Committee.					
2012 Accomplishments:	<ul> <li>We were able to shorten the season that we use seasonal employees by a month, saving approximately \$3,000</li> <li>We were able to decrease the frequency of our cup changing, which saved us 7 man hours a week that could be used somewhere else</li> <li>The pro shop staff is now empting the trash cans on the course that saves 3 man hours a week</li> <li>With some golf course user connections we were able to redeck a bridge at a savings of over \$2,000 and used a steel grating instead of wood, so we will not have to do anything to it for years to come</li> </ul>					
2013 Objectives:	<ul> <li>Trying a new fertilization and maintenance program on our greens with the intention to lower cost and improve our putting surface in hopes of extending the life of our greens</li> <li>Place a bridge on #18 and replace one on #8 to help speed up play and increase safety</li> </ul>					

#### 2012-13 Operating Budget Adams Municipal Golf Course Fund – Golf Course – Summary (continued)

Budget Highlights: The major expenditures in this department are personnel costs, the director's contract fees, and general supplies necessary to operate a golf course. The Pro Shop is owned and operated by the golf course director, and the City incurs no expenses and obtains no revenues from its operation.

# 2012-13 Operating Budget Worker's Compensation Fund– Summary

Fund Mission:	N/A
Fund Description:	The Worker's Compensation Fund was established to account for the disbursement of funds to pay the City's workman's compensation claims. The City is self insured and holds no workman's compensation policy, preferring to be "own-risk" insured.
2012 Accomplishments:	N/A
2013 Objectives:	N/A
Budget Highlights:	The only expenditures in this fund are workman's compensation claims and administrative fees that are paid from the General Services Department.

# 2012-13 Operating Budget Auto Collision Insurance Fund– Summary

Fund Mission:	N/A
Fund Description:	The Auto Collision Fund was established to help mitigate the City's self insurance risk as it applies to automobile physical damage and collision. The City insures all vehicles for liability damage, and the City's employees while operating the vehicles are covered by Worker's Compensation Insurance. However, the City is "own risk" for purposes of auto collision and physical damage.
2012 Accomplishments:	N/A
2013 Objectives:	N/A
Budget Highlights:	The only budgeted expenditures for this fund are for the payment of auto physical damage and collision claims.

2012-13 Operating Budget Capital Reserve Fund– Summary

Fund Mission:	N/A					
Fund Description:	The Capital Reserve Fund was established by an ordinance of the Council which was adopted in fiscal year 2010-11. This ordinance was effective for all fiscal years beginning after July 1, 2011. However, the ordinance allowed a grace period for all funds that were required to participate, so that long term capital plans may be formed prior to participation in this fund. This fund receives contributions from the operating funds in accordance with this ordinance and provides a means to account for these balances. All balances held in this fund are restricted in accordance with the enabling legislation.					
2012 Accomplishments:	N/A					
2013 Objectives:	N/A					
Budget Highlights:	This fund has no budgeted expenditures and all amounts held in this fund are restricted in accordance with the City's Capital Reserve Fund ordinance.

# GLOSSARY

PAGE LEFT BLANK INTENTIONALLY

**ACCRUAL BASIS ACCOUNTING** – basis used by most corporations and for-profit entities. This basis recognizes revenue when earned and expenditures when incurred. They are recorded at the end of an accounting period even though the cash has not been received or paid.

- **AD VALOREM** levy imposed on the value of property. This is most commonly imposed by counties, states, and municipalities on the value of real estate.
- **AGENCY FUND** holds assets in an agency capacity. The assets do not belong to the municipality but are being held for another entity.
- **APPROPRIATION** authorization of a governmental unit to spend money within specified restrictions such as amount, time period, and purpose.
- **ASSESSMENT** process of placing a value on property for the purpose of taxation; or the amount of the valuation arising from this process.
- ASSETS economic resource that is expected to provide benefits to an entity. An asset has three vital characteristics (1) future probable economic benefit; (2) control by the entity; and (3) results from a prior event or transaction. Assets are expressed in money or are convertible into money.
- **BALANCE SHEET** statement showing an entity's financial position at the end of an accounting period. This statement is also called a *Statement of Financial Position* for governmental type funds and a *Statement of Net Assets* for business type funds. It presents the entity's assets, liabilities, and equity. The balance sheet is useful to financial statement users because it indicates the resources of the entity and what it owes.
- **BDA** Bartlesville Development Authority
- **BDC** Bartlesville Development Corporation
- **BLENDED COMPONENT UNIT** component unit included in the municipality's financial statements that is presented as a fund of the municipality. (see also Component Unit, Discretely Presented Component Unit)
- **BMA** Bartlesville Municipal Authority
- **BUDGET ADJUSTMENT** a reallocation of budgetary resources within a fund or department after the adoption and implementation of the original budget. These adjustments only require the approval of a director or manager.

- **BUDGET AMENDMENT** an increase or decrease in the budget of a fund that is approved after the adoption and implementation of the original budget. These amendments must be approved by the governing body.
- **BUDGET BASIS ACCOUNTING** a basis of accounting used solely for budgetary preparation and monitoring. The budget basis used by a municipality is determined by each entity individually to suit their needs and usually differs from GAAP.
- **CAPITAL ASSETS** asset purchased for use over a long period of time and not for resale. It includes land, buildings, plant and equipment, etc...
- **CAPITAL EXPENDITURE** expenditure for capital outlay. These expenditures will either increase the value of an existing capital asset or create a new capital asset.
- **CAPITAL PROJECTS FUND** a fund that accounts for financial resources to be used for the acquisition or construction of capital assets.
- **CASH BASIS ACCOUNTING** method of accounting that recognizes revenue and expenditures when cash is received or disbursed not when earned or incurred.
- **CIP** Capital Improvement Project
- **COMPENSATED ABSENCE RESERVE** appropriated budget amount that is set aside for payment of accrued compensated absences. The City uses <sup>3</sup>/<sub>4</sub> of the accrued compensated absences as a guideline.
- **COMPONENT UNIT** entity that is included in the financial statements of a municipality even though the governing bodies differ. These could be public trusts or certain nonprofit corporations that benefit the municipality. These units can be presented as either blended or discrete. (see also Blended Component Unit, Discretely Presented Component Unit)
- **CURRENT ASSET** asset having a life of one year or less. Examples include cash, inventory, trade receivables, and prepaid expenses.
- **CURRENT LIABILITY** liability that will be settled within one year or less. Current liabilities should be payable from current assets or other current liabilities. Examples include accounts payable, short-term notes payable, and accrued expenses payable.
- **DEBT SERVICE FUND** fund used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.
- **DEPARTMENT** operating unit of the City. Departments are organized within funds. Some departments can be further broken down into divisions.

**DISBURSEMENT** – payment by check or cash.

- **DISCRETELY PRESENTED COMPONENT UNIT** component unit that is presented on the face of the government wide financial statements as a completely separate entity from the general government. (see also Component Unit, Blended Component Unit)
- **ENCUMBRANCES** represent an unfilled obligation on contracts or purchase orders. The purpose of an encumbrance is to prevent multiple commitments from being made on the same budgeted resources. An encumbrance must be entered into the system to reserve a portion of the budgeted resources prior to committing to a contract or ordering the goods or services.
- **ENTERPRISE FUND** fund that provides services to the community for a fee. These funds follow accounting principles similar to a not-for-profit entity.
- **EQUITY** represents the difference between assets and liabilities. In governmental funds, equity is referred to as fund balance, but in business type funds, equity is referred to as net assets. (formula is "assets liabilities = equity") (see also Fund Balance, Net Assets)
- **EXPENDABLE TRUST FUND** a trust fund that can be fully spent for the designated purposes. (see also Fiduciary Fund, Expendable Trust Fund)
- **EXPENDITURE** payment of cash or property, or the issuance of a liability, to obtain an asset or service.
- **FIDUCIARY FUND** term used to describe a fund used by the government to act in a fiduciary capacity such as a trustee or agent. The government is responsible for the assets placed in its care. (see also Expendable Trust Fund)
- **FISCAL YEAR** consecutive twelve month period used by an entity to account for and report its business transactions. The City and most municipalities in the State of Oklahoma use June 30 as the last day of their fiscal year.
- **FUND** fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with associated liabilities and residual equities. Funds are segregated for the purpose of conducting specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.
- **GAAP** Generally Accepted Accounting Principles. GAAP is a set of standards, conventions, and rules accountants follow in recording and summarizing transactions and in the preparation of the financial statements.
- GASB Governmental Accounting Standards Board. GASB is the highest authority in governmental accounting.

- **GENERAL FUND** fund used to account for all assets and liabilities of a government entity except those particularly assigned for other purposes in a more specialized fund. It is the primary operating fund of the government. Much of the usual activities of a government are supported by the general fund.
- **GENERAL OBLIGATION BOND** security whose payment is unconditionally promised by a governmental unit that has the power to levy taxes. General Obligation Bonds are back by the full faith and credit (taxing power) of a municipality.
- **GOVERNMENTAL FUND** describes all funds of the government except the for profit and loss funds (i.e. enterprise fund, internal service fund, agency fund, expendable trust fund). Examples of governmental funds include the general fund, special revenue funds, debt service fund, and capital projects funds.
- **INFRASTRUCTURE** long-lived capital assets that normally cannot be moved and can be preserved for a significantly greater number of years than most capital assets. Examples of infrastructure assets include roads, bridges, tunnels, drainage systems, water and sewer systems, dams and lighting systems. Buildings are not considered infrastructure assets, except those that are part of a network of infrastructure assets, such as a dam project.
- **INTERNAL SERVICE FUND** fund used to account for goods or services given from one department to another on a cost reimbursement basis.
- **LEVY** imposition or collection of an assessment of specific amount.
- **LIABILITY** amount payable in dollars for goods received or services rendered.
- **MEASUREMENT FOCUS** the accounting convention that determines (1) which assets and which liabilities are included on a government's balance sheet and where they are reported there, and (2) whether an operating statement presents information on the flow of financial resources (revenues and expenditures) or information on the flow of economic resources (revenues and expenses).
- **MODIFIED ACCRUAL BASIS** basis of accounting in which revenues are recognized when they are available and measurable. Expenditures are generally recognized when incurred.
- **MODIFIED CASH BASIS** basis of accounting that uses elements of both the cash and accrual bases of accounting.
- **MUNICIPALITY** a political unit, such as a city or town, incorporated for local self-government.

- **NET INCOME** revenue less all expenses.
- **OCBOA** Other Comprehensive Basis of Accounting. These are bases of accounting that are not in compliance with GAAP for the particular entity. Examples include budget basis and income tax basis.
- **OPERATING RESERVE** appropriated budget amount that is set aside for use in only the most extreme of emergencies. The City uses one month's operating expenditures as a reserve guideline.
- **ORDINANCE** A formal legislative enactment by the legislative body which, if not in conflict with any higher form of law, has the full force and effect of law within the boundaries of the municipality to which it applies. The difference between an ordinance and a resolution is that the latter requires less legal formality and has a lower legal status. Revenue raising measures, such as the imposition of taxes, special assessments and service charges, universally require ordinances.
- **PROPRIETARY FUND** type of fund that focuses on profit and loss similar to a business. The two types of proprietary funds are Enterprise Funds and Internal Service Funds.
- **BUDGETED RESERVE** amounts that are appropriated but not intended to be spent. Examples include operating reserve, severance reserve, compensated absence reserve, etc...
- **RESOLUTION** is a written motion adopted by a deliberative body. The substance of the resolution can be anything that can normally be proposed as a motion. For long or important motions, though, it is often better to have them written out so that discussion is easier or so that it can be distributed outside of the body after its adoption. Resolutions do not carry the weight of law.
- **RESTRICTED DONATION** donation that is restricted as to purpose or timing. An example would be a donation for a specific building project or a donation restricted to being spent in a future period.
- **SEVERANCE RESERVE** appropriated budget amount that is set aside to pay any severance amount specified in an employment contract.
- **SPECIAL REVENUE FUND** fund used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) that are legally restricted to expenditure for specified purposes.
- **TRANSFER** amounts paid from one fund to another.
