

City of Bartlesville

Pet Registration Form

All dogs, cats & ferrets six months of age or older
must be licensed --

A city license for your pet can be obtained at the Bartlesville Police Department (100 E. Hensley Blvd.). The owner needs to provide the animal's rabies vaccination certification signed by the veterinarian that performed the vaccination. They need to provide proof of spaying or neutering (this is usually included on the vaccination slip but it can be a separate slip) or their intact permit.

There is a \$10.00 fee and registration information will be entered into the computer data base. This information is entered into the police computer system so the owner can be located if the animal should become lost. Processing of applications by mail may take several weeks and must contain a self-addressed, stamped envelope. **NEVER SEND CASH THROUGH THE MAIL.**
