

Council Chambers at City Hall
401 S. Johnstone Avenue
Bartlesville, OK 74003

**MINUTES OF THE
SPECIAL MEETING
OF THE
BARTLESVILLE CITY COUNCIL**

**Monday, July 24, 2023
5:30 p.m.**

**Vice Mayor Jim Curd, Jr.
918-338-4282**

MINUTES

(The Notice of Meeting and the Agenda was posted June 20, 2023 at 3:45 p.m.)

Present were Vice Mayor Jim Curd, Jr. and Councilmembers Trevor Dorsey (arriving at 5:41 p.m.), Billie Roane and Loren Roszel. Absent was Mayor Dale Copeland.

City staff present were Mike Bailey, City Manager; Tracy Roles, Assistant City Manager; Jess Kane, City Attorney(via phone); Jason Muninger, CFO/City Clerk; Terry Lauritsen, Director of Water Utilities; and Police Chief Kevin Ickleberry.

- 1. The business meeting of the Bartlesville City Council was called to order by Vice Mayor Curd at 5:30 p.m.**
- 2. Roll Call was conducted and a quorum established.**
- 3. The invocation was provided by Quinn Schipper.**
- 4. Citizens to be heard.**

There were no citizens to be heard.

- 5. Discuss and take possible action to award Bid No. 2023-2024-001 for water and wastewater line repair materials. Presented by Councilmember Roszel.**

Mr. Roszel moved to award Bid No. 2023-2024-001 to the vendor who submitted the low bid meeting specifications which are highlighted in the attached bid tabulations, seconded by Ms. Roane.

Ayes: Mr. Roszel, Ms. Roane, Vice Mayor Curd
Nays: None
Motion: Passed

- 6. Discuss and take possible action to award Bid No. 2023-2024-002 for water treatment chemicals. Presented by Councilmember Roszel.**

Mr. Roszel moved to award Bid No. 2023-2024-002 to the vendor who submitted the low bid meeting specifications which are highlighted in the attached bid tabulations, seconded by Ms. Roane.

Ayes: Ms. Roane, Mr. Roszel, Vice Mayor Curd
Nays: None
Motion: Passed

7. Update on the City of Bartlesville Water Supply. Presented by Terry Lauritsen, Director of Water Utilities. (Councilmember Dorsey arrived during the presentation of this item.)

Mr. Lauritsen reported that the watershed and surrounding area received beneficial rainfall over a week ago. Using a PowerPoint, he reported on the Bartlesville water service area; raw water supply and locations; overall water supply that is currently at 76%; watershed locations; the Kansas Mesonet showing drought conditions; how Copan is still low due to lack of rain runoff to it; and water supply projection since supply is still considered low. Mr. Muninger reported on the effect of the emergency rates on revenue. He stated that the total additional amount collected was \$32,795, with commercial accounts bringing in \$25,696, and residential customers \$7,099. Comparisons from last year show a \$150,000 reduction in revenue due to conservation. A brief discussion covered the average increase on commercial and residential meters; how citizens stepped up conservation; and how monitoring will continue.

8. Discuss and take possible action to approve a Resolution repealing Emergency Water Rates established by Resolution 3670. Presented by Terry Lauritsen, Director of Water Utilities.

Mr. Lauritsen reported that on April 3, 2023, Council approved amendments to the Water Shortage Ordinance (3569) and a Resolution implementing the Stage 2 Emergency Water Rates (3669). Water supply levels continued to decline in April and fell below 60% the week of April 17, which triggered the Stage 3 restrictions. The Stage 3 Emergency Water Rates (3670) were approved by Council on May 15, 2023. Water supply hovered between 56% and 58% in May, June and early July. Rains on July 14 & 15 had a significant impact on the water supply. Prior to the rain on July 14, water supply was 57.1%. After the rains, water supply rose to 66.2% on July 15, 72.1% on July 17 and as of July 19, water supply is 73.5% with inflow still coming into Hulah Lake. Per the Water Shortage Ordinance, there are no restrictions or emergency water rates when water supply is between 70% to 79%, only advisories and voluntary conservation. Thus, staff is requesting that Council repeal Resolution 3670, which enacted the Stage 3 emergency water rate adjustment, and return to the normal volumetric rates. If approved, the repeal of the emergency water rates will be retroactive to July 17.

Ms. Roane moved to approve the Resolution repealing Emergency Water Rates established by Resolution 3670 which will be retroactive to July 17, 2023, seconded by Mr. Roszel.

Mr. Roszel stated his appreciation to City Staff and the YMCA for getting Frontier Pool and the splash pads open.

Ayes: Mr. Dorsey, Mr. Roszel, Ms. Roane, Vice Mayor Curd
Nays: None
Motion: Passed

9. Discuss and take possible action re-establishing the Bartlesville Water Resources Committee; setting terms of office for committee members' declaring the process for selection and appointment of Committee members; setting responsibilities of the Committee; and appointing Initial Committee Members. Presented by Mike Bailey, City Manager.

Mr. Bailey reported that prior to and during the recent drought, he had been in discussion with his staff analyzing different options to strengthen Bartlesville's water supply options. Staff felt that re-establishing the Bartlesville Water Resources Committee was the best place to begin researching and investigating options. Due to the recent rainfall, the situation is not as urgent, although continues to be extremely important. The Committee has not met in many years and due to many of the former members no longer able to serve due to a variety of reasons, a new roster was developed with a few changes from the original. Mr. Bailey read who the Committee will consist of and that term limits will be unlimited three-year terms. The Committee will be tasked with studying and identifying a supplemental water source sufficient to address the City's immediate needs during the current water shortage; review the City's current drought plan and make recommendations for changes; study and identify supplemental water sources sufficient to ensure water security to meet the City's long-term needs; and to make recommendations to the City Council related to all previous tasks. Mr. Bailey read the proposed appointees as follows: Dale Copeland, Mayor; Billie Roane, City Councilmember; Mike Bailey, City Manager, George Halkiades, Ward 1 Representative; Bill Dausses, Ward 2 Representative; Tom Gorman, Ward 3 Representative; Quinn Schipper, Ward 4 Representative; Harvey Little, Ward 5 Representative, Kevin Trease, Dewey Resident; Mike Dunlap, Washington County Commissioner; David Wood, Bartlesville Development Authority; Sherri Wilt, Bartlesville Regional Chamber of Commerce; Mack Savala, Senator Lankford's office (ex officio); Crystal Campbell, Senator Mullin's office (ex officio); Derrick Sisney, Representative Brecheen's office (ex officio); Julie Daniels, Legislative Liaison (ex officio) and Terry Lauritsen, Water Utilities Director (ex officio). This Resolution will repeal conflicting resolutions including Resolutions 2872, 3009, 3012 and 3173. Mayor Copeland, Tom Gorman, David Wood and Julie Daniels also served on the original committee.

A brief discussion covered a suggestion that the Resolution be amended in the membership portion from "A resident of Washington County" to "A Washington County Commissioner"; how Commissioner Dunlap expressed his desire to represent Washington County when approached about the Committee; and how each person was chosen either from a recommendation from a Councilmember, from City staff, or a head of the various organizations. Vice Mayor Curd affirmed each appointment saying each proposed appointment are well qualified to serve on this committee.

Mr. Roszel moved to approve the Resolution re-establishing the Bartlesville Water Resources Committee including each appointment, and the Washington County Commissioner modification, seconded by Ms. Roane.

Mr. Bailey added that the original committee held a position for an Osage County Representative because a possible water supply in the early 2000's was located in Osage County. That is no longer an option, therefore an Osage County Representative is not necessary.

Ayes: Mr. Roszel, Ms. Roane, Mr. Dorsey, Vice Mayor Curd
Nays: Passed
Motion: Passed

10. City Manager and Staff Reports.

Mr. Bailey encouraged citizens to participate in completing the Sidewalk Survey which can be found on the City's website.

He also reported that Frontier Pool is now open to the public. Mr. Bailey expressed his appreciation to YMCA and the City staff to getting the pool in short-time. City Ride had already provided and will continue to provide shuttle rides to Osage Hill State Park Swimming Pool on Tuesdays and Thursdays. The cost for both pools are the same. Ms. Roane encouraged citizens to sign up for City Beat as it contains information covering pool information, as well as other City related issues. Children under 12 must be accompanied by a guardian to use the shuttle. Mr. Bailey also stated his appreciation of City Ride who stepped up and did not require any charge from citizens or the City for the shuttle to Osage Hills.

11. City Council Comments and Inquiries.

Mr. Roszel stated how the citizens did a great job during the water shortage, and on how the community came together during this time. Vice Mayor concurred. Ms. Roane appreciated the local media also.

12. There being no further business to address, Vice Mayor Curd adjourned the meeting at 6:24 p.m.

Jim Curd, Jr., Vice Mayor

Jason Muninger, CFO/City Clerk
