

Bartlesville Election: Feb. 10

Three important ballot measures.
One decision for our future.

On **February 10**, Bartlesville voters will decide whether to continue funding the projects and services that keep our city thriving. The 2026 election is designed to address growing infrastructure needs, maintain past investments and enhance quality of life for residents. Voters will decide three measures through five ballot propositions:

Approving a General Obligation (G.O.) Bond Issue

Propositions 1, 2 & 3

Extending the ½-cent Capital Improvement Projects (CIP) Sales Tax

Proposition 5

Extending the ¼-cent Economic Development (ED) Sales Tax

Proposition 4

Passage of the G.O. Bond Issue and 1/2-cent CIP Sales Tax extension will fund **\$34.5 million** in capital needs and projects over the next five years.

Extension of the 1/4-cent ED Sales Tax will continue funding the city's economic development and tourism efforts.

WHY IT MATTERS

These measures ensure Bartlesville continues to invest in:

- Safe streets
- Strong local economy
- Parks and community spaces
- Tools and facilities to serve residents

Your vote shapes Bartlesville's future!
